COLORFUL — HYBRID FRENCH LILACS

No garden should be without some of these gorgeous French Lilacs. They bear immense flower panicles 8 to 12" long, thickly massed with single and double florets that are richly fragrant. Bushes are compact and shapely. Do not sucker. They are superb for lawn specimens, shrub borders and Lilac hedges.

CHARLES JOLLY. 1384. Double wine-red.
PRESIDENT GREVY. 1380. Soft violet-blue.
MOUNT BLANC. 1386. Snow white.
MARECHAL LANNES. 1382. Rich pink.

HARDY LARGE FLOWERING CLEMATIS

Without doubt the most attractive and colorful flowering vines. Bloom profusely in early summer, followed by some blossoms throughout fall. The spectacular flowers add distinction and charm to any garden. Unequaled for porch, trellises, arbors, pergolas, posts and walls. Grows rapidly, producing an abundance of lush green foliage. We offer four outstanding varieties:

JACKMANI. 1502. Large purple flowers. One of the loveliest and most popular.
BARON VEILLARD. 1504. Lovely pink flowers, bloom profusely on this hardy climber.
MME. LE COULTRE. 1506. Glistening, pure white flowers borne in lavish abundance.
VILLE DE LYON. 1508. Showy red flowers. Provides a gorgeous display of color.

MAGNIFICENT HARDY HYBRID

RHODODENDRONS

Unquestionably, the Rhododendron is one of our most elegant native plants. Always a thing of beauty — these new, hardy hybrids are truly magnificent, and perfectly adaptable for use in most sections if given reasonable care. Can be grown in full sun or shade. In the South, light shade is necessary. Loamy acid soil, rich in organic matter, is preferred, and a mulch of peat moss or leaf mold will ensure more luxuriant growth.

Rhododendrons, with their beautiful flowers and broad-leaved, leathery, evergreen foliage, are perfect anywhere in the landscape or foundation planting. They are extremely effective when planted in groups or borders, combining all colors for contrast and interest. They can be used with dramatic effect at entranceways, and in combination with other plants in front of the house. Wherever grown, they will reward you with a lifetime of garden beauty. For planting this spring, we offer the following varieties:

CATAWBIENSE GRANDIFLORUM. 1394. Deep lilac blooms.
CATAWBIENSE ALBUM. 1392. Beautiful glistening white.
ENGLISH ROSEUM. 1395. Soft rose with a tint of lilac.
DR. H. C. DRESSSELHUY. 1393. Deep crimson-red.

American Holly

**Brilliant Red Berries! Beautiful Evergreen Foliage!
Add Color & Variety to Your Landscape All Year!**

PERFECT FOR FOUNDATION, LAWN OR HEDGE

(Ilex Opaca) By far the most famous of the Holly family. This excellent plant is rapidly becoming one of our most important ornamentals. Perfect for every type of home, small or large. Grows to a height of 25 feet, but looks best when kept trimmed to a compact size of 8 to 12 feet. Thrives in any good garden soil; we recommend the use of aluminum sulphate in planting. Grows best in semi-shade. Requires a minimum of care. Makes a lush, colorful display all year in foundation planting, as lawn specimens or a hedge.

Grow Your Own Christmas Holly for Home Decoration and Gifts!

Broad, oak-like shiny leaves are distinctive; their rich green color greatly enhanced by quantities of bright red berries which remain nearly all winter. Beautiful throughout the year, it appears to greatest advantage at Christmas. Cutting of branches in winter results in neater appearance, more luxuriant growth. Your choice of **1366 male or 1364 female plants**. Plant one of each for best results.

▲ AZALEA MOLLIS

Hardy Large Flowering Imported Varieties

Gorgeous, large, waxen blooms cover the plants in May and June. Offer many possibilities for enlivening your garden with sparkling color. Graceful, 3-4 ft. shrub. Use them for accent in foreground of foundation planting or shrub border; in groups or borders for bold color effects along driveway or garden walk. Glossy foliage stays green all year.

Can be grown in full sun or shade, (prefer light shade in the South). A generous quantity of leaf mold and acid peat mixed into the soil at planting will induce finer blooms. Do not cultivate deeply as Azaleas root close to the surface. **Your choice of colors: 1314, Orange; 1316, Red; 1318, Salmon; 1320, Yellow.**

Free Gifts for Early Orders!

Ordering Early Pays You Handsome Dividends

Order before April 1st, 1962 and receive one of these Gifts from Emlong's, for every \$6.00 worth you buy from this catalog. Here's how it works: With every order of \$6.00, you may select any one of the premiums listed.

With every order of \$12.00, you may select any two premiums, alike or different.

With each additional \$6.00, you may select one more premium.

IMPORTANT. Premiums allowed only on orders with full remittance enclosed. No premiums allowed on C.O.D. orders. The premiums you select must be written on the order, or none will be sent; even if you notify us later. If we run short of some items, we reserve the privilege of changing premiums—sending you stock of equal or greater value.

15 Col. Blue Spruce, 2-4 in.....	\$1.50 Value

WE PAY POSTAGE ON MOST ITEMS

You will please note that most items listed in our 1962 Spring Catalog are delivered to you postpaid, and are so listed. This saves you money.

There are, however, some items that are too large to ship by parcel post, such as fruit trees and shade trees. There are items such as hedge plants and some varieties and quantities of berry plants that are listed at such a low price for the high quality of stock that we cannot afford to pay the shipping charges. These items are shipped to you transportation charges collect.

In some orders there are trees which must go by express, and also some stock which would ordinarily go by parcel post. In order to avoid making two separate shipments, we send the entire order by express. For this privilege we include extra stock which has a greater value than the amount of the extra transportation charges. When selecting this extra stock for you, we choose items that fit in with the other items on your order.

References: We refer you to the Farmers & Merchants National Bank, Benton Harbor, Michigan; Postmaster and Express Agent at Stevensville, Michigan; Merchants Credit Bureau, Benton Harbor, Michigan; and Dun and Bradstreet.

ORDER BY NAME and CATALOG NUMBER

Items listed in this catalog will be reserved for you as long as the limited supply of them lasts. Many items were sold out early last year! Don't wait until planting time—reserve your needs as soon as you receive this book! We send you a receipt and ship at planting time. First orders will receive first attention. Order early and save!

WE RETURN ALL PAPERS

All papers pertaining to your orders will be returned to you when the order is acknowledged. Do not destroy them. If it becomes necessary to write us AT ANY TIME in regard to your order, be sure to return everything, including correspondence, original order and shipping tags. It is not necessary to return planting instructions.

GET YOUR COMPLETE PLANTING GUIDE...

Free

With every planting order, we send FREE a complete Planting Guide. It tells in a clear simple way how to plant, so that even if you have never done any planting, you can have success. It tells how to prune, water and care for plants over winter; how far apart to plant; when and where to plant, etc.

10% Discount ... FOR JANUARY CASH ORDERS

All orders postmarked before February 1st, and accompanied by cash in full, will be allowed a 10% discount on all items, except special offers and those marked "No Discount." Your order will be reserved for you and shipped at proper planting time for your locality. Order early and save!

EMLONG'S GUARANTEE TO YOU

Emlong's guarantee everything to reach you in finest growing condition. If found to be otherwise, make damage claim within 3 days after receipt of stock and we will replace damaged items free.

Emlong's guarantee all stock to live and grow. If anything fails, report such loss to us within 60 days, or not later than July 1st. We replace during the next planting season. Half price replacements from July 1 to September 1. The nursery is not responsible for losses caused by unfavorable weather or improper planting care.

Emlong's guarantee everything to be true to name. If found to be otherwise, we will replace free upon due proof of untruthfulness.

It is mutually agreed that our liability cannot be greater than the purchase price.

Storage-Packing & Office Building Means BETTER PLANTS — FASTER SERVICE for Our 400,000 Customers Across the Nation

This has been a big year for Emlong's. After more than 70 years in the horticultural business, we now are better equipped than ever to meet your needs through our "shop-by-mail" and "drive-in" service.

In July 1959, we opened our new modern building, after plans for the new Detroit-Chicago Expressway cut through the heart of our old nursery, taking all of our office and packing facilities. Our new plant contains upwards of 30,000 square feet, or more than $\frac{2}{3}$ of an acre, of facilities devoted to filling our customers' nursery orders. In addition, there are extensive lath areas to display the many items we handle for those who call at our nursery.

One of the biggest improvements we have made has been our enlarged refrigerated storage areas. This will enable us to deliver to you all types of plant material in the very best growing condition. Our improved working areas will enable us to give you better, faster service than ever before. We, as lifetime nurserymen, can help you make your garden more beautiful, more fruitful, and more enjoyable.

Satisfaction Guaranteed

Our satisfied mail order customers number in the hundreds of thousands across the nation and are growing in number each year. You save money and get better plants when you deal direct with the grower. We have several hundred acres of planting materials growing under modern scientific cultivation methods, supervised by expert nurserymen with a lifetime of experience. Our nurseries are located in one of the most favorable growing areas of

the nation, bordering on beautiful Lake Michigan. We have a long growing season, giving time to make strong, thrifty plants and our winters are cold enough to ensure complete hardiness.

About Our Catalog

Our catalog is not simply a sales book, but a guide to better plants. You will find all of the newer and better varieties carefully described and illustrated. You will not find anywhere, a finer selection of the best in plant materials. Every plant is backed by our written guarantee, giving you complete satisfaction from every purchase made from Emlong Nurseries.

CONVENIENT BUDGET PLAN

Lower Terms — Longer Time to Pay

Emlong's are making it possible for you to do your complete home planting now, and pay for it with Emlong's Easy Budget Plan.

Buy Now! Pay Later!

Emlong's Easy Budget Plan is available for the purchase of nursery stock from this catalog, if your order totals \$20.00 or more. Write today for our Easy Budget Plan information.

Important. Order Now. Please allow two weeks to process Time Payment orders. Sorry we can't accept Time Payment orders after May 1st. Place your order Now. Emlongs will make shipment of your nursery stock at the proper planting time for your locality. Do It Now!

3 Completely New "Drive In" Garden Centers

To Supply Your Every Garden Need — Open 7 Days a Week During Planting Season

Whatever your gardening needs — remember, **Emlong's have it!**

Now! You Can Raise Rare Bonsai Dwarf Trees

We Offer 2 of the Best Pine Varieties Suitable for Dwarfing by the Chinese Technique Known as Bonsai

Raising dwarfed trees offers a fascinating hobby, as well as unusual beauty for your home and garden. The trees are easy to grow and develop into graceful, artistic specimens. They make exquisite subjects for interior decoration. Also provide beautiful focal points of interest for a patio, terrace or small garden. Complete instructions included with each order. The two varieties we offer are most suitable for bonsai culture.

JAPANESE BLACK PINE. 1024. A naturally picturesque tree with short, dark green needles. Grows rapidly. When desired height is reached, prune back to develop shape desired. Trunk and branches will continue to thicken until trees have an appearance of great age.

Postpaid	5	10	25
6-8 in.	\$1.00	\$1.85	\$3.75

BRISTLECONE PINE. 1026. Very dark, rich green foliage densely clothe the branches. Trunk and branches can be bent and twisted to resemble this picturesque tree growing in its native habitat.

Postpaid	5	10	25
3-5 in.	\$1.00	\$1.85	\$3.75

IT'S EASY TO ORDER BY MAIL from EMLONG'S

HILLS OF SNOW HYDRANGEA

Grows in Both Sun and Shade

1370. Immense flower heads of pure white blanket the plant, giving it the appearance of a living "snowbank!" Blooms all summer from July to October. One of the finest plants for shady spots, alongside the house or in borders. Has large, heart-shaped leaves. Grows 3 to 4 feet tall; upright and compact. An impressive, showy Hydrangea which will grow in full sun or light shade. Hills of Snow Hydrangea is indeed among the showiest of the late summer-flowering shrubs. A garden standout!

Postpaid	Each	2	4
2-3 ft.	\$1.50	\$2.75	\$5.25

12-18 in.	1.00	1.75	3.25

TRI-COLORED HYDRANGEA (HYDRANGEA P.G.)

Blooms Change from White-Pink to Bronze

1372. The fascinating, 3-colored Hydrangea. Huge, cone-shaped flower heads are white when they first come into bloom, then gradually change to shades of pink and bronze as the season progresses. Blooms from mid-summer to frost. Does well in sun or partial shade. Height 4 to 6 feet at maturity. Very showy. Together with the attractive tints of the autumn foliage, this shrub creates a delightful picture at a time when color in the garden is particularly welcome. Hardy everywhere. Fine for cutting, lasting a long time. A real beauty wherever planted.

12-18 in.	1.00	1.75	3.25

OAK LEAF HYDRANGEA

Beautiful Both in Leaf and Flower

1373. The Oak Leaf Hydrangea is unusual and beautiful in both leaf and flower. It has large, artistic leaves resembling in a magnified way the foliage of an Oak. Blooms in June, producing its white flowers in extremely long panicles; not a great deal unlike those of Hydrangea P.G. Very majestic and showy. Attractive all season, especially in fall when the foliage turns a rich crimson. Bush is of spreading habit and grows about 5 feet tall. Valuable for its brilliant autumn coloring and it does best in partial shade. Hardy and easy to grow.

Postpaid	Each	2	4
18-24 in.	\$1.65	\$3.20	\$6.20

Glistening Red Berries Distinguish These New Viburnums

VIBURNUM SETIGERUM

1456. One of the best all-season shrubs in cultivation. Handsome, clean deep green foliage appears in early spring, followed by lovely white flowers which add to its charm.

Setigerum comes into its most colorful stage in late summer and early autumn when the plant is literally covered with large clusters of brilliant red berries. These ornamental fruits carry over well into winter. Similar in growth habit to other Viburnums. Easy to grow. Mature height is about 10 feet.

Postpaid	Each	2	4
2 yr. plant.....	\$1.50	\$2.75	\$5.25

VIBURNUM WRIGHTII

1458. From Japan comes this distinctive and beautiful new variety. The handsome deeply veined, oval shaped leaves are of a metallic green color.

From August until October, large cymes of glistening red fruits are produced in such great abundance the branches are often weighted to the ground. Foliage turns a rich crimson in fall. The plant develops into a spreading bush about 4 to 6 feet tall. Hardy.

Postpaid	Each	2	4
2 yr. Plants.....	\$1.75	\$3.25	\$6.25

Fragrant HARDY VIBURNUMS

HIGH BUSH CRANBERRY

Excellent for Hedge or Screen

743. Many species of birds are attracted by the great clusters of brilliant red berries which ripen in July and remain most of the winter. Makes a very delicious tart Jelly. Plant is upright, spreading in growth habit. Height 10 feet. Large, flat clusters of white flowers bloom in May and June.

Postpaid	Each	2	4
2 yr. plant.....	\$1.25	\$2.25	\$4.25

WHITE SNOWBALL

Large White Flowers — Bronze Leaves in Fall

1405. An attractive shrub in all seasons. Desirable for lawn specimens and corner plantings. Large, white ball-like flower heads bloom in spring. Broad, 3-lobed leaves of bright green turn shades of bronze and purple in fall. Grows 6 to 8 feet tall.

Postpaid	Each	2	4
2 yr. plants.....	\$1.25	\$2.25	\$4.25

DWARF CRANBERRY

Compact Rounded Shrub — Bright Red Fruit

1415. A compact rounded shrub growing 4-5 ft. tall. White flowers cover the plant in early spring followed by clusters of bright red berries. Foliage turns purple-red in fall. Perfect for planting in front of other shrubs.

Postpaid	Each	2	4
2 yr. plants.....	\$1.75	\$3.25	\$6.25

BEAUTY BUSH

Dainty Pink Flowers — Delightfully Fragrant

1328. Excellent upright shrub with handsome foliage. In June, masses of bell-shaped, pink flowers cover the graceful, arching branches. Delightful fragrance. Grows 6 to 8 feet tall, in sun or shade. Perfectly hardy.

Postpaid	Each	2	4
2-3 ft.	\$1.50	\$2.75	\$5.25

12-18 in.	1.00	1.75	3.25

VIBURNUM JUDDI

Sweet Scented Pink Flowers

1419. This highly rated, improved variety is similar to Viburnum Carlesii. The plant is slightly smaller, but has larger flowers and the leaves are a darker green in color. The flowers are light pink and sweetly scented. A delightful addition to the outdoor living room. See prices below.

VIBURNUM BURKWOODI

Gardenia Scented Snowball Flowers

1418. Has the hardiness, rapid growth, beautiful foliage and general dependability of the family, plus a new loveliness of bloom and gardenia scent. Lovely waxy, bluish-white flowers are borne in ball-like masses. 3-4 ft. tall. See prices below.

VIBURNUM CARLESI

So Fragrant They Perfume the Yard

1417. Fragrant Pink Snowball. Blossoms of delicate pink with attractive dark green foliage which turns bronzy-red in fall. Grows 5 to 6 feet tall; thrives in sun or semi-shade. Hardy and easy to grow.

Prices of Above Varieties:

Postpaid	Each	2	4
12-15 in. field-grown....	\$2.25	\$4.25	\$8.25

CALYCANTHUS

Glossy Foliage — Spicy Fragrance

1340. Commonly called Sweet Shrub or the Strawberry Shrub. Handsome, bronze-chocolate colored flowers are produced in June and have a spicy fragrance. Odd looking pods develop later; filled with aromatic seeds. 4-6 ft.

Postpaid	Each	2	4

Viburnum Wrightii

Viburnum Carlesi

CORKBARK *Burning* BUSH

(*Euonymus Alatus Compactus*)

Thrives in Sun or Shade — Dwarf Growing

1338. A very unusual shrub that attracts attention wherever grown. Produces small yellow flowers in spring, followed by red fruits. Its most notable characteristic is autumn coloring of startling brilliance. Oval-shaped, green leaves turn to brightest coppery-crimson tinged with rose. Has an unusual corky bark. Thrives in sun or shade. Compact growth, easy culture and brilliant foliage make it one of the finest shrubs for single specimens, shrub border or colorful hedge.

Postpaid	Each	2	4
18-24 in. plants.....	\$2.50	\$4.75	\$9.25
12-18 in. plants.....	1.95	3.75	7.25

ALTHEA

(ROSE OF SHARON)

Impressive, tall growing shrub with large, double rosette flowers and handsome green foliage. Blooms from late summer through fall, when many other shrubs have finished blooming. The flowers are brilliantly colored and contrast beautifully with the foliage. Blooms are long lasting and make a showy display all season. Popular for tall backgrounds, and well suited for screens or single specimens. Grows 6 to 8 feet tall; erect and well-shaped. An old-time favorite, but worthy of a place in every modern garden. **Your choice of colors: 1306, Pink; 1308, Purple; 1310, Red; 1312, White.**

Tree Althea

TREE ALTHEA

(ROSE OF SHARON)

Gay Brightly Colored Blooms

A plant that is very similar to the shrub form, but has been grown and cultivated with a single stem so that it assumes the shape of a small tree. Gay, brightly colored blooms are large and flaring, contrasting beautifully with the dark green foliage. Very free flowering. A most handsome small tree for ornamental planting, as a specimen, or in the foreground of high massed shrubs. Specify color wanted. 1251, Red; 1250, Pink; 1249, Blue.

PERSIAN LILAC

Graceful and Fragrant

1390. No other Lilac blooms so prolifically as does this lovely dwarf variety. Immense clusters of fragrant, purple flowers are borne on slender, arching branches—so lavishly as to completely cover the foliage! The flowers are exceptionally long-lasting and wonderful for fragrant bouquets.

Fine for Hedges and Background Planting

A compact, dense shrub with excellent foliage. Grows 7 to 10 feet tall at maturity. Very attractive all season.

Can be grown in full sun or light shade. The Persian Lilac forms a shapely, graceful bush, requiring little or no pruning. Will thrive and bloom abundantly year after year with little care. Can be used to good advantage in groups, as a hedge or single specimens.

BUDDLEIA

Butterfly Bush or Summer Lilac

No other perennial or shrub gives such a brilliant, lasting display of color so soon after planting as the Buddleia. These bushes will grow 4 to 5 feet this summer and bloom abundantly from midsummer to late fall. Attract rare butterflies. Cut off tops each fall. New tops grow each year and bloom on the new wood. No special soil needed. Easy to grow; require little care; last for years.

ROYAL RED. 1336. Newest of the brilliant tones; deep wine-red.

DUBONNET. 1332. Magnificent 12-inch flower spikes of glowing Dubonnet-red. Wonderful for bouquets; flowers exceptionally long-lasting.

ILE DE FRANCE. 1334. A favorite deep purple. Grows 4 to 5 feet tall. A real beauty, and richly fragrant.

PINK CHARMING. 1330. Delicate pink blooms on long spikes. Lovely for garden display and cutting. Bushy plant about 5 feet tall.

SPIREA The Perfect Shrub for Hedge and Specimen Planting

SPIREA BRIDAL WREATH

1114. (Spirea Van Houttei) Gracefully arching branches and pure white flowers make this one of the most useful and popular of flowering shrubs, for hedge, groups or single specimens. Grows successfully everywhere. Can be trimmed anytime during summer. Perfect for informal hedge or tall, screening hedge. Pure white flowers are borne in dense clusters along the entire length of the branches. Blooms in May. Grows 5-6 ft. tall.

Postpaid	Each	2	4
2-3 ft.	\$1.00	\$1.95	\$3.75

SPIREA DWARF ANTHONY WATERER

1406. A remarkable dwarf growing shrub, of compact, upright habit. Makes a very dense, neat, rounded bush 2 to 3 feet tall. In June the bush is completely covered with bright crimson flowers, borne in flat clusters. Will bloom until frost if flower heads are cut off as they fade. Makes a most satisfactory low bushy hedge that requires no trimming; also fine under picture windows and for borders.

DAPHNE CNEORUM

1444. Captivating, deliciously fragrant plant of dwarf, spreading habit. Dense, slender foliage is practically evergreen. From early spring to May the plant appears as a low pink mound — with its great profusion of fragrant, rose-pink blossoms. Blooms again in early autumn. As an edging plant in front of evergreens and shrubs, it is unequalled. Valuable too, as a low hedge along garden walks and around flower beds. Foliage is a rich, glossy green. Perfectly hardy; easy to grow. Here is a choice plant that merits a place in every landscape plan. **Strong, 8-10 in., plants, \$2.25 each; 2 for \$4.25; 4 for \$8.25, postpaid.**

ROBIN HOOD HEDGE

Friendliest of All Fences — and Truly Low Cost!

1108. The perfect hedge Rose. Creates a beautiful, living fence that needs no painting or maintenance. Multitudes of brilliant cherry-red roses are produced in large clusters early in the season, and again in summer and autumn. Makes a densely compact growth with an abundance of healthy, deep green foliage. Provides privacy and protection from noise and intruders — yet remains a "friendly" fence. Extremely hardy. Grows in most soils. Can be trimmed to any desired height over 3 feet.

CHRISTMAS BERRY

Brilliant Red Berries — White Flowers

1446. Attractive throughout the year. The grand display of white blooms in early spring is climaxed by an enormous crop of bright red berries which remain on the bush well into winter. Handsome, shiny green foliage turns a colorful bronzy-red in fall.

Graceful, compact habit of growth, reaching a height of 6 to 8 feet. Easy to grow; not particular as to soil. Highly prized for its brilliant red berries which can be used for early winter bouquets. Whether planted in border or hedge, or single specimens, it will give you years of garden pleasure for the display of color is gorgeous. 2-Yr. Plants, \$1.49 each; 2 for \$2.89; 4 for \$5.49, postpaid.

HONEYSUCKLE—The Queen of Flowers

Red Zabeli HONEYSUCKLE

1424. Bears the reddest flowers of any bush Honeysuckle! Thousands of brilliant red flowers in May transform the bush into a gorgeous mound of color. Tall, compact grower with dense foliage. Extremely hardy. Not fussy as to soil or location; will thrive in sun or shade. One of the best for screening purposes, hedge or background of border. Especially valuable for exposed locations where many other shrubs would not succeed.

COLORADO BLUE SPRUCE →

1020. One of the showiest evergreens. Foliage color ranges from deep green to silvery blue-green, depending upon the season. Grown from select Blue Spruce seed, but trees do not show blue to any extent until 2 to 3 feet tall. Symmetrical in form and tall growing. Broadly pyramidal. A favorite for landscaping and individual lawn specimens, because of its decorative foliage. Also widely planted for Christmas trees.

← Color Fast SCOTCH PINE

1052. A decorative tree densely covered with blue-green needles of medium length. Pyramid form gives great character to the tree. Rapid growing, very hardy. Widely planted for windbreaks, screens and tall, dense hedges. Retains its rich color all season. Grows to a height of 25 feet or more at maturity. Drought-resistant.

AUSTRIAN PINE

1048. The darkest and richest green of all Pine trees. Broad-based, solid in shape due to dense, heavily needled branches. Hardy and vigorous in growth. Tall, dignified form; about 40 feet at maturity. Very impressive. Grows in poor soil; withstands city smoke. A fine hedge to shut out noise of city streets.

NORWAY SPRUCE

1022. Fast growing, tall stately tree. Dark green, thick, short needles. Very popular and widely used for outdoor living Christmas trees. Compact, dense growth makes it ideal for windbreaks and tall hedges. Thrives in a wide range of soils and locations. Also very ornamental when planted alone.

DOUGLAS FIR

1016. Rapid growing, handsome tree with beautiful blue-green foliage. Compact, shapely growth habit; tall, pyramidal form. Drooping 4-inch cones add to its attractiveness. Extensively planted for Christmas trees. Very hardy; thrives in light soil. Valuable for windbreaks and shelterbelts.

Hardy & Enduring for Lifetime Enjoyment

Shade TREES

Fast Growing

PIN OAK

1228. Most rapid growing of all Oaks. Almost as fast as the American Elm. A beautiful shade tree of majestic stature and one of the most enduring of all trees. Grows in shapely, pyramidal form, towering to a height of 75 to 90 feet at maturity. Rich green foliage is deeply cut and colors to a glorious coppery-red in the fall. Sturdy, rugged tree, adapting itself to all locations and conditions. Excellent for lawns, street and park planting.

	Each	2	4
5-6 ft. trees.....	\$4.95	\$9.50	\$18.50
4-5 ft. trees.....	3.95	7.45	14.45

MORaine LOCUST

Sensational Fast Growing Shade Tree

(Plant Pat. No. 836) **1220.** The beautiful new Moraine Locust is superior in many ways to other fast growing trees. It is hardy, drought-resistant, easy to transplant, and grows successfully on a wide range of soils. Withstands the same extremes of temperature as common Honey Locust and is as long-lived. Does not produce unsightly seed pods to clutter the lawn, and non-fruiting habit also makes for better foliage.

Provides Good Shade Quickly Not Harmful to Lawns

The Moraine Locust forms a large, beautifully shaped head, similar to the American Elm in appearance. Finely cut foliage allows enough light to filter through to promote good lawn growth, yet provides shade dense enough to discourage crabgrass. Graceful, vigorous and sturdy, it is an ideal tree for large or small lawns, parkways and street planting. Will give a lifetime of satisfaction. For planting this spring — Order Early.

LOMBARDY POPLAR

Fine for Windbreak and Tall Screens

1246. Rapid growing, tall, naturally columnar tree of stately appearance; attains a height of 75 feet or more at maturity. Branches from the ground up; needs no pruning. Dark green, shapely leaves have a lighter undersurface. Presents an elegant aspect when planted along driveways and property lines. Thrives on the poorest of soils; sturdy and long-lived. Also an excellent tree for hedging, windbreaks and tall screens. Makes a beautiful dense screen when planted 5 to 6 feet apart.

TULIP TREE

For North or South

1236. (Tulipifera) One of our grandest native trees. Grows into a beautiful specimen of symmetrical, pyramidal form attaining a height of 70 feet at maturity. Succeeds in Northern or Southern zones. Has broad, glossy, fiddle-shaped leaves of a clean, bluish-gray shade. In fall, the foliage turns a bright yellow. Produces numerous small, light orange-yellow, Tulip-like flowers in May and June. Bears long, cone-shaped fruits.

Ideal for Lawns and Parks

Widely planted for its ornamental quality and fine, pleasant shade. Thrives in all sections; sturdy and rapid-growing. Colorful and unusual, for lawns, parks and street planting. A tree to enjoy for generations.

Tulip Tree

SUGAR MAPLE

Heralds Autumn's Golden Beauty

1244. (*Acer saccharum*) Stately and beautiful at all seasons of the year — the Sugar Maple comes into its greatest glory each autumn, when the dense foliage changes to brilliant tints of gold, orange and scarlet.

Native to most sections of the country, it is one of our finest trees for shade and landscaping of homes, parks and city streets.

Lives for Generations

The Sugar Maple is vigorous, upright growing and long-lived. Develops into a beautifully shaped tree, about 60 to 75 ft. tall at maturity. Valuable for timber and as a source of maple sugar. Much in demand by landscapists for its easy growth and gorgeous coloring.

NORWAY MAPLE

Dense Green Foliage Provides Pleasant Shade

1212. Large, handsome tree with broad, rounded head. Considered by many the best all-around shade tree. Well liked for its familiar symmetrical form and ability to grow under city conditions. Dense, rich green foliage remains on the tree longer than on other Maples in the fall. Used extensively for lawn specimens and along streets, drives and parkways. Reaches a height of about 40 to 50 feet. Very hardy; withstands harsh weather, smoke and city gases. A clean growing tree that increases in beauty each succeeding year.

	Each	2	4
5-6 ft. trees.....	\$4.25	\$8.25	\$15.45

STATELY WHITE BIRCH

Beautiful All Seasons of the Year

1205. A splendid tree that stands out with distinctive charm wherever it is included in the landscape. Clean, graceful appearance make it especially desirable as a lawn specimen. Also widely used among evergreens and shrubs or other trees for contrast provided by its conspicuous white bark. Grows about 60 feet tall. Delicate flexible branches support small, shimmering green leaves. It is adaptable to many soils and locations. Can be planted in groups of 3 or more on the lawn, or in pairs to accent an entrance walk or driveway. Beautiful in autumn with golden foliage.

American LINDEN

Sweet Scented Shade Tree

1232. (*Tilia cordata*) An excellent shade and ornamental tree. Valuable for planting along avenues and in lawns where its handsome color and form add beauty to the landscape. Its sweetly fragrant flowers scent the entire neighborhood in June.

A compact, pyramidal type tree; upright and symmetrical in growth. Dense, heart-shaped foliage is glossy, dark green with lighter or whitish undersurface. Grows to grand proportions, about 75 to 90 feet at maturity. Comparatively rapid grower. Does well under city conditions.

	Each	2	4
3-4 ft. trees....	\$3.25	\$6.25	\$12.25

SYCAMORE - Tree of Many Beauties!

1234. (*Platanus Occidentalis*) Also known as American Plane Tree. Especially desirable for street and park planting due to its extreme ruggedness. It is resistant to disease and withstands city smoke and soot very well. Stately, well-proportioned tree, growing to a height of 50 to 70 feet at maturity. It has large heads of showy foliage and arching branches, which along with the trunk shed sheaths of old bark exposing a pale green under-layer. Its picturesque quality makes it one of the most desirable shade and ornamental trees.

Tree Hydrangea

Graceful

WEEPING CHERRY

1253. Exquisite and unique! Gracefully drooping branches grow from the top of the slender main trunk, somewhat resembling the frame of an umbrella. In spring, the tree attracts much attention when the branches are laden with clusters of dainty pink flowers. Very effective when used in pairs to accent an entrance, or when single specimens are planted to achieve a focal point.

	Each	2
5-6 ft. trees.....	\$7.95	\$14.95

KWANZAN FLOWERING CHERRY

1252. The flowers of this variety are particularly beautiful and showy. Large, 2-inch blooms with about 30 large petals of bright rosy-pink appear in early spring, followed by dark green foliage. Millions of visitors to Washington, D. C., have marvelled at the beauty of these trees. Extremely hardy, vigorous and rapid growing. As a lawn specimen or border tree it is unexcelled.

REDBUD

(*Cercis Canadensis*)

1280. (Also known as Judas Tree) Here is a tree of great charm and artistic beauty. Small, graceful and irregular in shape. It is a memorable sight in early spring with its myriad rose-pink blossoms covering every twig and branch. Grows with very little care and is adaptable to a wide range of soils. Attains a height of about 20 feet.

Lovely as lawn specimens. Also very effective in the shrub border where the conspicuous spring blossoms, followed by large, heart-shaped green leaves, add variety to the planting. Hardy and enduring. Redbud trees give years of garden beauty and pleasure wherever you plant them.

HALL'S HONEYSUCKLE

1519. A favorite plant both as a vine and ground cover. Grows rapidly and will thrive in sunny or shady locations. Because it roots deeply, it is an excellent plant to prevent soil washing away. Valuable for use on steep banks where other plants will not hold. Fragrant flowers are borne all summer, adding to its charm. Very hardy and easy to grow. Space plants about 18 inches apart.

Postpaid	10	25	50	100
	\$3.95	\$7.95	\$14.95	\$24.50

Hall's Honeysuckle

BALTIC IVY

1511. (Hardy English Ivy) The dense, glossy foliage creates a beautiful evergreen covering on steep banks and terraces. Also widely used for edging walks and borders. In some locations, where grass is not practical, it makes a splendid, easy-to-keep lawn. Thrives in dense shade under trees and shrubs. Plants are absolutely hardy; spread rapidly and make a lush green carpet in any location. Require very little care. Space plants about 8 inches apart.

DWARF LACE VINE

1521. (Polygonum) A new ground cover and a most attractive plant. Grows 12 to 18 inches tall and produces numerous airy sprays of pink flowers. The pale green foliage turns a brilliant red in autumn. The plant is very hardy and easily grown; establishes itself quite rapidly from underground runners. One of the best ground covers for sunny locations. The fragrant flowers and foliage make a very colorful display. Plants should be set 18 inches apart. \$1.25 each; 2 for \$2.25; 4 for \$4.25, postpaid.

Dwarf Polygonum (17)

HARDY HEDGE PLANTS

① HARDY PRIVET

(Amoor River North) 1110. Easiest to grow of all Privets. Very hardy and will thrive where other plants fail. Makes an attractive hedge in all seasons with its glossy green leaves and clusters of white flowers, followed by berries. Trim to desired height and shape any time during summer. Leave untrimmed for foundation and screen plantings. Set bushes 9 to 12 inches apart. For a wider hedge, plant 2 rows, alternating the plants. Well branched, well rooted bushes.

ROSA MULTIFLORA—A Living Fence

1112. Now you can have a natural living fence that will last for years, without expensive upkeep. **Rosa Multiflora** is the amazing new hedge material that garden and farm magazines have written so much about recently. The plants are very hardy; grow rapidly, and in just a few years will make a hedge dense enough to keep all types of animals in their place.

Eliminate expensive repair bills and maintenance costs by planting **Rosa Multiflora** wherever a fence is needed. Easy to grow; thrives under most soils and conditions of weather. Requires no training, pruning or clipping. Grows to a height of 8 feet, blooms each year and is the most practical, decorative planting material that can be used. Plants should be set 12 inches apart. A living fence adds beauty and value to your property. Plant **Rosa Multiflora** this spring.

③ GREEN BARBERRY

1102. (Barberry Thunbergi) Makes the ideal low growing hedge, for front lawns, along short driveways and corner groups. Dwarf growing, uniformly bushy and rounded in form, numerous leaves covering thorny twigs. Bright green foliage turns gold and scarlet in fall; red berries remain through winter. Immune from rust. Very hardy. Can be clipped or left natural as desired. In either case, it grows into a fine compact low hedge which requires no care. Set 18 inches apart.

Everblooming GOLDFLAME Honeysuckle

1516. Beautiful flower clusters as large as your hand, cover the vines from June until frost. Curved petals and long stamens; brilliant rose-red outside and gold inside. Lovely for cutting. May be trimmed as vine, shrub or low hedge. Blooms profusely year after year; requires little care. **2-yr., field-grown plants, \$1.00 each; 2 for \$1.95; 4 for \$3.50, postpaid.**

HALL'S Fragrant Honeysuckle

1518. Dainty yellow and white blossoms intermingled, produce a beautiful effect all summer. One of the most fragrant of all Honeysuckles. Vines are hardy, vigorous growers; ideal for covering unsightly buildings, screening out undesirable views and softening harsh fence lines. **2-yr., field-grown plants, 65c each; 2 for \$1.25; 5 for \$2.95, postpaid.**

ENGLISH IVY (*Helix Bulgaria*)

1512. A superior Ivy of proven hardiness and vigor. Will establish itself quickly on stone walls, buildings and tree trunks, creating a luxuriant cover of closely spaced, glossy green foliage. Introduced by Dr. Edgar Anderson of Missouri Botanical Gardens. Performs equally well as a ground cover for shady areas. Shows promise of becoming the leading Ivy for vine and ground cover. **2-yr. plants, 60c each; 3 for \$1.65; 6 for \$2.95, postpaid.**

EVERGREEN BITTERSWEET

1514. (*Euonymus Radicans* Vegetus.) Strong growing variety. Dark green firm leaves last through winter and form an excellent background. Bears clusters of large, red Bittersweet berries; make good winter bouquets when dried. Will climb either brick or wood. Adaptable as a shrub or ground cover. Valuable for shady places where a delicate evergreen is needed. **2-yr. Select Vines, \$1.75 each; 2 for \$3.25; 4 for \$5.95, postpaid.**

KUDZU VINE

1530. (*Pueraria Thunbergiana*) Very hardy and extremely rapid grower. Thrives without difficulty in any ordinary soil and under favorable conditions grows 40 to 60 feet in a single season. Large, attractive leaves provide dense shade or screen. The flowers are pea-shaped and rosy-purple, borne in dense clusters, making a colorful display in August. **2-Yr. Vines, 75c each; 2 for \$1.45, postpaid.**

ORCHID WISTERIA VINE

1524. Hundreds of gracefully pendant clusters, 12 inches and more in length, cover the vine during May and June. These hardy Wisteria will lend a charming touch to your garden when grown on fence, trellis or garden wall. The pea-like, orchid-colored florets are borne in dense, compact clusters and make a gorgeous display in full bloom. A hardy, vigorous growing vine that will last for years. Well adapted for arbor plantings. **Select 2-yr. field-grown vines, \$1.65 each; 2 for \$2.95; 4 for \$5.45, postpaid.**

CLIMBING HYDRANGEA

1517. One of the choicest climbing vines. The effect created is most artistic as well as amazing. Its bold, clean and shrubby foliage is a rich, dark green color. The Hydrangea-like blooms are borne on projecting short spur-like branches throughout the summer. Blooms are white and very fragrant. A hardy, vigorous growing vine that will last for years. Clings to brick and wood without any support. Does equally well in shade or sun. The height can be easily controlled. **\$3.00 each; 2 for \$5.75, postpaid.**

CHINESE BITTERSWEET

1515. The most prolific fruiting variety known. The leaves are a glaucous green and somewhat larger than those of the common Bittersweet. It grows rapidly in any kind of soil, in sun or partial shade. In autumn yellow and orange-scarlet berries cover the vine all over instead of an occasional small cluster as in the common kind. This variety will always fruit even if planted alone, but we recommend that you plant two. Excellent for late fall and winter bouquets. **Select 2-yr. plants, \$1.50 each; 2 for \$2.85, postpaid.**

Gold Flame Honeysuckle

Evergreen Bittersweet

SILVER LACE VINE

1520. Beautiful, fast-growing vine. Myriad clusters of dainty, snow-white blossoms cover the vine all summer. Will grow 15 to 20 feet the first year; clings to any support. Prefers a sunny location. Foliage is perfectly clean; not bothered by insects. Valuable for covering unsightly buildings, barns, walls. Also adds great charm to porches, patio walls and doorways. **2-Yr. Select Vines, \$1.25 each; 2 for \$2.25; 4 for \$4.25, postpaid.**

Climbing Hydrangea (19)

Broad-Leaf EVERGREENS

WILL BEAUTIFY YOUR YARD THE YEAR AROUND!

American Holly
Ideal for Hedges

1365. Colorful throughout the year with its distinctive, glossy evergreen foliage and brilliant red berries. Very hardy, can be grown in all sections. Grows rapidly and may be trimmed to any desired height from 4 to 20 feet. Grows best in fertile, well-drained, acid soil. We recommend the use of aluminum sulphate in planting. Makes a beautiful, dense hedge for outlining property lines, driveways, walks and for screening purposes, to shut out noise and unsightly views. Plant 3 feet apart in the row. **8-12 in. plants, 3 for \$2.29; 5 for \$3.29; 10 for \$6.29; 25 for \$14.95, postpaid.**

BOXWOOD

WELLER. **1436.** The hardiest Boxwood in cultivation. Will thrive anywhere; in poor soils, in sun or under tall trees and in sunless corners. Has large, dark green attractive leaves. Makes a dense hedge quickly and can be trimmed to any desired height and shape. Perfect for low hedges and edgings. Whether grown on the small-home grounds or on a large estate, Boxwood gives an appearance of age and dignity to the surroundings. **Heavy 6-8 in. Plants, \$1.69 each; 2 for \$2.98; 4 for \$5.69, postpaid.**

Hollies

ILEX CONVEXA

1431. One of the choicest of broad-leaf evergreens. Plant is very bushy; grows about 3 feet tall. Shiny, dark green, Boxwood-like foliage is somewhat convex. Blends beautifully with other evergreens; is also an excellent accent plant. Well suited for low hedges. Plant 18 inches apart, in full sun or light shade.

	Each	2	5	10
10-12 in. Plants..	\$1.50	\$2.85	\$6.50	\$12.50
6-8 in. Plants..	.75	1.40	3.25	6.25

Ilex Convexa

ILEX ROTUNDIFOLIA

1430. A compact evergreen shrub with shiny green foliage, which reminds one of Boxwood except leaves are somewhat heavier. A handsome member of the Holly family; particularly suited to low plantings such as hedges, under windows in foundation planting or in front of taller plants. One of the most popular hardy Broadleaf Evergreens grown.

	Each	2	5	10
10-12 in. Plants..	\$1.50	\$2.85	\$6.50	\$12.50
6-8 in. Plants..	.75	1.40	3.25	6.25

OREGON GRAPE HOLLY

1432. (Mahonia Aquifolium) Holly-leaved evergreen shrub. Has large, spiny, metallic-looking leaves which turn bronzy-red in fall. Spike-like clusters of yellow flowers in spring are followed by purple-black fruits. Grows to an ultimate height of 2½ to 3 feet. Does well in shaded areas. Hardy, easy to grow. Perfect in groups, borders or among other evergreens. **Selected 8-10 in. Plants, \$1.50 each; 2 for \$2.75; 4 for \$5.25, postpaid.**

EUONYMUS RADICANS

1440. An upright, broad spreading shrub with rich bright green foliage that remains on the plant year round. Makes a shapely bush 4 to 5 feet tall. Its growth habit and easy culture make this an outstanding shrub for individual specimen planting. A plant that will blend well with your established evergreen plantings. The rigid branches are a perfect sight when carrying the red berries which hang on late in the season. Thrives in sun or partial shade. Be sure to plant one or more in your garden for a brilliant autumn display. **Heavy 12-15 in. plants, \$1.69 each; 2 for \$2.98; 4 for \$5.69, postpaid.**

EUONYMUS PATENS

1438. Attractive and easiest grown evergreen shrub. Compact and shapely; grows about 6 feet tall. Rich green foliage remains on the plant nearly throughout winter; is quickly replaced by shiny new foliage in spring. In autumn, numerous Bittersweet orange berries add to its charm. Splendid for hedge or specimen planting. Succeeds in shade. **Heavy 12-15 in. plants, \$1.49 each; 2 for \$2.69; 4 for \$4.95, postpaid.**

Silver Queen

HYBRID MAPLE ▶

- SEEDLESS
- FAST GROWING
- VERY HARDY
- GROWS ANYWHERE

1238. We are particularly pleased to offer this sensational new Hybrid Silver Maple to our customers, because we believe its many superior qualities meet the needs of present-day home owners.

As you know, the Silver Maple has been an excellent, fast growing shade tree for many years. Its only fault was the production and shedding of seed pods which were a nuisance. Consequently, Mr. Henry Kleine of Newport, Michigan hybridized a Maple for us that has developed into a wonderful, fast growing, long-lived, seedless tree.

IDEAL FOR NEW HOMES

A Beautiful Setting and Good Shade Quickly!

The Silver Queen Maple is drought-resistant, hardy and adaptable to a wide range of soils. It is a beautiful shade tree with interesting cut-leaf type foliage and pyramidal in form. The rapid growth of this tree is the answer to a long-felt need of many of our customers who want shade and a beautiful background for their homes in the shortest time possible.

It also meets the needs of those who find it necessary to replace undesirable trees. To many, the cost of planting large shade trees would be prohibitive. With Silver Queen Maple there is no need to wait years — you get lots of shade and beauty in a short time, at a reasonable cost! Our supply is limited. Order your trees early and avoid disappointment.

Emlong's ARTISTIC BIRCHES — Accent Your Home Beautify Your Lawn

◀ CUT-LEAF WEEPING BIRCH

Picturesque Summer and Winter

1202. Graceful, pendulous branches, finely-cut silvery-green foliage and shimmering white bark make this a tree of unsurpassing beauty the year around. Adds great charm to every landscape scene. Completely hardy; succeeds in most soils, but prefers a sunny, moist location. Grass will grow right up to the trunk. White bark appears a year or two after planting. A single tree makes a superb lawn specimen. Or a grouping of three or four adds great distinction to the home grounds.

MULTIPLE BIRCH ▶

Beautiful Year Around!

1224. (Clump Birch) These are a special strain of beautiful American White Birch which produce three or more trunks from one root. Bark is white on 2- to 3-year-old trees and stays white winter and summer. Dense, bright green foliage covers the fine graceful branches, providing an effective contrast to the white bark. Leaves turn a pleasing yellow in fall.

Growth is gracefully upright; about 25 to 30 feet at maturity. Perfectly hardy; thrives everywhere. Widely used for specimen planting or naturalizing. You'll enjoy their artistic beauty throughout the year!

EVERBLOOMING

**HYBRID
TEAS**

Blue Ribbon Roses

CHRISTIAN DIOR (1962 AARS Winner)

1674. (Plant Pat. No. 1943) The first Red Hybrid Tea to win the All-America award in 9 years! Supremely beautiful in rich red coloring and classic rose form. Large, high-centered, fully double, 60-petaled blooms come singly on long cutting stems. Produced freely on vigorous growing plant with healthy, deep green foliage. A prized beauty for garden and cutting. **2-Yr. No. 1 bushes, \$3.50 each; 3 for \$9.20, postpaid.**

KING'S RANSOM (1962 AARS Winner)

1676. (Plant Pat. App. For) Chosen as the most perfect true-yellow Rose in a decade! Long, slender, pure chrome-yellow buds open slowly into magnificent, high-centered, 6-inch blooms that shine like spun gold. Borne freely in immense clusters on strong, long stems; glossy, deep green foliage. Be sure to have it for your garden this spring. **2-Yr. No. 1 bushes, \$3.50 each; 3 for \$9.20, postpaid.**

HAWAII (Plant Pat. No. 1833)

1684. Completely different and as exciting as Hawaii itself! Never have we seen a color to compare with its warm, glowing blend of orange-coral — and the color lasts from bud stage until the petals wither and fall. Delightful raspberry fragrance. Glossy, green foliage. Tall, bushy plant. **2-Yr. No. 1 bushes, \$3.50 each; 3 for \$9.20, postpaid.**

GARDEN PARTY (Plant Pat. No. 1814)

1670. 1960 AARS Award Winner. Beautiful long buds open to immense full blooms of rich ivory at the heart, shading to creamy tones and with a distinct flush of appleblossom pink at the edge of each wide flaring petal. Healthy, strong growing plant with handsome olive-green foliage. **2-yr. No. 1 bushes, \$3.00 each; 3 for \$7.95, postpaid.**

PINK PEACE (Plant Pat. No. 1759)

1654. A direct descendant of the famous Peace — Pink Peace has characteristics which make it one of the most perfect Roses ever created! Color is deep, dusty pink — rich, soft and completely charming. Double, full cupped, 6-inch blooms with 60 to 65 petals, borne singly on strong, long stems; richly fragrant. Vigorous, upright plant with large, leathery foliage. **2-Yr. No. 1 bushes, \$3.00 each; 3 for \$7.95, postpaid.**

KORDES PERFECTA (Plant Pat. No. 1604)

1656. Combines an intriguing blend of colors. The basic color, cream-white, is lined with red as though the petal edges were dipped in carmine. This warm red color spreads throughout as the flower opens to a pleasing combination of red and white with a suffusion of yellow. Fragrant, long-lasting. **2-Yr. No. 1 Bushes, \$3.00 each; 3 for \$7.95, postpaid.**

CHRYSLER IMPERIAL (Plant Pat. No. 1167)

1652. An exciting, rich, vivid, crimson-red enhanced by overtones of dark oxblood red. The long tapering buds open to very large blooms with 40 to 50 wide petals, symmetrically arranged. Sweetly scented. Blooms continuously. The bush is compact in growth, with abundant dark green foliage. **2-Yr. No. 1 bushes, \$2.50 each; 3 for \$6.60, postpaid.**

HELEN TRAUBEL (Plant Pat. No. 1028)

1658. Unusually long, graceful buds open to very large flowers of good form, fine substance and pleasing fragrance. Color varies from sparkling pink to luminous apricot, sometimes orange. The plant is exceedingly vigorous; good grower; free bloomer with excellent foliage and habit. **2-yr. No. 1 bushes, \$2.75 each; 3 for \$7.20, postpaid.**

WHITE KNIGHT (Plant Pat. No. 1359)

1680. AARS Winner for 1958. The first White Hybrid Tea ever to win this honor! Magnificent 5-inch blooms of pure white, satiny beauty — bloom freely and continuously; retain their purity of color until the petals drop. Plant is vigorous, bushy, upright; has thick, lively green foliage. **2-yr. No. 1 bushes, \$2.75 each; 3 for \$7.20, postpaid.**

AMERICANA (Plant Pat. Applied For)

1678. Beautiful form . . . vibrant color . . . exquisite perfume! This is AMERICANA — selected by thousands of home gardeners as "Rose of the Year for 1961". Magnificent, high-centered, 6-inch blooms of glowing red will bring a blaze of color to your garden from June through September. Order it now! **2-Yr. No. 1 bushes, \$3.50 each; 3 for \$9.20, postpaid.**

DUET (1961 All-America Winner)

1682. (Plant Pat. No. 1903) A "duet" of warm, lovely colors — as the beautiful urn-shaped buds unfold, the flowers display facing petals of soft salmon-pink with the reverse side a sparkling orange-red. This rich coloring is retained despite adverse weather conditions. Vigorous, well-branched plant. **2-Yr. No. 1 bushes, \$3.00 each; 3 for \$7.95, postpaid.**

MOJAVE (Plant Pat. No. 1176)

1660. Winner of the only 1954 All-America Award for a Hybrid Tea. Named for the famous California desert. Its rich coloring is typical of a desert sunset — glowing orange shot with flame-like tones of scarlet and vermilion. Graceful tapering buds open to superb, fragrant blooms. **2-Yr. No. 1 bushes, \$2.75 each; 3 for \$7.20, postpaid.**

STERLING SILVER (Plant Pat. No. 1433)

1672. New and distinctive. Shapely, slim buds of lavender-pink slowly unfold into glistening, silvery 5-inch blooms — each one a perfection of beauty and sweet, lingering fragrance. A "must" for you who want the new and distinctive. Bush is medium tall, vigorous and prolific. Leathery, green foliage. **2-Yr. No. 1 bushes, \$3.00 each; 3 for \$7.95, postpaid.**

SUSPENSE (Plant Pat. No. 1944)

1662. New, exciting bi-color. Extremely full, 6-inch blooms of 55 to 60 velvety red petals with contrasting yellow on reverse side. A terrific exhibition Rose; makes a wonderful display all season. Vigorous, bushy plant with abundant rich green foliage; extra long, sturdy canes. Order early. **2-Yr. No. 1 bushes, \$3.00 each; 3 for \$7.95, postpaid.**

Tree Roses

Our Tree Roses are budded on stem trunks 40 inches tall. They form bushy heads, bearing a profusion of large, fragrant blooms from spring until frost. For garden grandeur at 2 levels plant them in beds with your other Roses. They can also be used along driveways with charming effect. Plant in front of a picture window and enjoy their beauty indoors and outdoors. We offer only those varieties which bloom freely all season.

CHRYSLER IMPERIAL. 1810. Vivid crimson red; very colorful.

HELEN TRAUBEL. 1808. Varicolored; pink to luminous apricot.

PEACE. 1812. Cream-yellow; petals edged appleblossom pink.

MOJAVE. 1816. Glowing orange with tones of scarlet.

CRIMSON GLORY. 1804. Intense crimson shaded oxblood red, mellowed by velvety nap.

STERLING SILVER. 1826. Silvery 5-inch blooms.

PINK PEACE. 1824. Rich, deep dusty pink color.

KORDES PERFECTA. 1806. Cream-white; petals edged carmine.

Climbing Roses

◀ **BLAZE** Everblooming Climber

1702. Blooms gloriously and continuously for months! Very double, blazing-red flowers are produced in large clusters from June to September. Makes a magnificent display — with thousands of 2 to 3-inch blooms on just one plant! Picture it against a white fence or wall; framing a window or doorway; on a post, trellis or porch. Wherever you plant it the results will be tremendously rewarding. Hardy, vigorous and reliable. Grows to a considerable height, sending up long, supple canes which are easily trained. Will succeed in all sections of the country. Foliage is healthy, glossy rich green. **\$1.50 each; 3 for \$3.95, postpaid.**

**All Roses on
This Page 2-Yr.
No. 1
Select Bushes**

CLIMBING BLOSSOMTIME ▶

1720. (EVERBLOOMING) **Pat. No. 1240.** Considered by Rosarians to be the perfect Everblooming Climber. Blooms early and continues until the snow flies! Exquisite blooms of camellia-pink, sweetly fragrant, of medium size and Hybrid Tea form. This variety fills a long felt need for a real Camellia-pink, full-petaled, hardy climbing rose. **\$2.50 each; 3 for \$6.60, postpaid.**

CLIMBING SPECTACULAR

1708. (EVERBLOOMING) **Pat. No. 565.** When you see this grand new Climber in full bloom you'll know why it was named Spectacular. That's just what it is — a spectacular living drapery of glorious color! Fully double, 4-inch blooms of orange-red borne in clusters of 3 to 4 on a stem. Grows 10 feet tall. **\$2.50 each; 3 for \$6.60, postpaid.**

CLIMBING CRIMSON GLORY

◀ **1704.** (EVERBLOOMING) **Pat. No. 736.** Rich crimson color, perfect form, fascinating fragrances, plus vigor and profusion of bloom, make this one of the outstanding red Climbers. Beautiful, high centered blooms on strong stems make a magnificent cascade of color throughout the long blooming period. Foliage is rich green, disease-resistant. Sensational anywhere! **\$2.75 each; 3 for \$7.20, postpaid.**

CLIMBING GOLDEN SHOWERS

1714. (EVERBLOOMING) **Pat. No. 1557.** AARS Winner for 1957. The first Climber to have this distinction. Glamorous, golden yellow, 4 to 5-inch blooms are produced in great quantity all season. Richly fragrant, high-centered blooms on long stems that invite cutting. Very hardy and vigorous with glossy green foliage. **\$2.75 each; 3 for \$7.20, postpaid.**

CLIMBING CHRYSLER IMPERIAL

1710. (EVERBLOOMING) **Pat. No. 1528.** Velvety maroon buds open to glorious, 5-inch double blooms of iridescent shades of red; the color deepens and becomes more brilliant as the flower unfolds. A vigorous, free-flowering Climber producing an abundance of fragrant Roses all season. Dark green, disease resistant foliage. **\$2.75 each; 3 for \$7.20, postpaid.**

CLIMBING SNOWBIRD

1718. (EVERBLOOMING) We consider this one of the best white Climbers. Dainty, perfectly shaped buds and blooms of glistening, snow-white are produced in succession all season. Pleasing fragrance. Plant it in combination with one of the red Climbers for outstanding color accent. Husky, strong growing plant. **\$1.50 each; 3 for \$3.95, postpaid.**

CLIMBING TALISMAN

1712. (EVERBLOOMING) Lovely, urn-shaped buds of orange yellow open to large blooms of salmon-orange shaded with red and gold. Very striking on fence or trellis, and for framing a doorway or picture window. Fragrant, long-stemmed blooms, favorites for cutting. **\$1.50 each; 3 for \$3.95, postpaid.**

Everblooming Hybrid Tea Roses

● Emlong's Hybrid Tea Roses are all 2-yr. plants and will bloom for you this year. Enjoy their fragrance and beauty in your garden.

- CHARLOTTE ARMSTRONG. 1602.** Elegant long, deep red buds open to cerise blooms of exquisite form; double, high-centered flowers with sweet fragrance. Luxuriant, deep green foliage; mildew resistant.
- CRIMSON GLORY. 1606.** Well-formed flowers of deep, vivid crimson shaded oxblood-red and mellowed by a soft velvety nap; produced in abundance all season. Excellent foliage. Compact, well-branched plant.
- NIGHT. 1622.** Beautiful, shapely buds and flowers of deep crimson touched with shadings of black and maroon. Distinctive and outstanding. Spicily fragrant. Glossy dark green foliage; bushy plant.
- PINK DAWN. 1624.** Slender, deep rose-pink buds open to large double, high-centered blooms with tinge of bronze and gold at base of petals. Delightful sweet fragrance. Popular for cutting.
- THE DOCTOR. 1626.** Sparkling pink color, and one of the largest — 5 to 6 inch blooms! Color is a uniform silvery-pink in bud and open flower. Richly perfumed.
- ECLIPSE. 1608.** Best all-purpose yellow Rose. Slim, tapering buds open to 4-inch blooms of brilliant golden-yellow. Plant is vigorous, producing abundant blooms continuously all season.
- DUQUESA DE PENARANDA. 1614.** Long, pointed buds of apricot-orange open to blooms of coppery-apricot; very rich color. Plant with Rex Anderson for a different and elegant effect!
- TALISMAN. 1628.** Graceful buds in a glorious combination of brilliant red and gold open to perfectly formed blooms of scarlet-orange and rich yellow. Intense fragrance. Sturdy, long stems.
- REX ANDERSON. 1616.** Beautiful blooms of perfect form and delicate ivory-white color contrast dramatically with rich green, healthy foliage. An outstanding exhibition Rose. Subtle fragrance. Vigorous grower.
- COUNTESS VANDAL. 1604.** Salmon-pink, tapered buds unfold into gorgeous blooms of carmine-pink, buff and gold with uniquely curled petals. Rich fragrance. Blooms are erect, superb for cutting.

Everblooming MINIATURE FAIRY ROSES

THE SMALLEST ROSES IN THE WORLD! ➡

These fascinating, tiny Rose plants are perfect for edging beds of larger Roses and for lining garden walks. In solid beds by themselves they make an interesting center of attraction in the garden. They are hardy and grow as readily outdoors as the large Roses. Bloom freely all summer. You'll enjoy them in the garden, and to cut for enchanting arrangements and corsages. We offer the following varieties:

POMPON de PARIS. 1725. Beautiful double flowers of bright pink color. Compact plants, very free flowering; continuous bloom all season.

BABY GOLD STAR. 1722. (Pat. No. 407) Fully double blooms of golden yellow all through. The only true yellow Miniature.

OAKINGTON RUBY. 1723. Deep crimson buds open to fully double blooms of rich ruby-crimson. Blooms from May until late fall.

PRINCE CHARMING. 1729. Constant and prolific blooming. Fully double, rich sparkling carmine-red flowers.

PIXIE. 1726. (Pat. No. 408) The most double of all — 40 or more tiny petals to each tiny bloom! Pure white with blush-pink center.

BABY TALISMAN (Presumida) 1721. Recent Spanish introduction of bright orange-gold and salmon. Like Talisman in bud and flower.

Your choice of above: \$1.35 each; 3 for \$3.60, postpaid.

Colorful Ornamentals

ORANGE RED TRUMPET VINE

1522. Large, orange-red, trumpet-shaped flowers and bright green, leathery foliage make this one of the most decorative of all vines. In bloom from 6 to 8 weeks starting in July; makes a colorful, dense screen. It needs no fastening; will cling to wood, brick or any rough surface. Grows 15 to 20 feet. No insects bother it. Very hardy and vigorous growing, but prefers a sunny location. Ideal for covering barns, stone fences and walls. One planting will last for years. Easily grown; requires little care. **2-Yr. Vines, \$1.00 each; 2 for \$1.80; 4 for \$3.25, postpaid.**

GOLDEN YELLOW TRUMPET VINE

1523. Clusters of bright golden-yellow, trumpet-shaped flowers are produced freely throughout summer. Very showy against the lush, deep green foliage. Will transform the ugliness of old bare walls and fences into real beauty spots.

Hardy and rapid growing. Thrives in ordinary soil; prefers a sunny location. Clings tenaciously to brick, stucco, concrete or wood. Clean, healthy foliage is not bothered by insects or city smoke; lasts all winter. A most satisfactory, colorful vine that cannot fail to please. **2-Yr. Vines, \$2.25 each; 2 for \$4.25, postpaid.**

GOLDEN CLEMATIS

1500. (Tangutica) From Western China comes this unusual vine with its charming bell-shaped flowers, which resemble small Chinese lanterns. Throughout summer great masses of these large, golden-yellow bells are produced freely; lush, soft gray-green foliage providing a perfect background. The flowers are followed by unique silvery-gray, feathery seed clusters. Requires full sunlight for best growth. Thrives in most kinds of soil, and under adverse conditions. Hardy; strong grower. **\$1.25 each; 2 for \$2.25; 4 for \$4.25, postpaid.**

Dwarf Firethorn

WHITE FLOWERING DOGWOOD

Clouds of Creamy-White Blossoms
Brighten the Spring Landscape

1268. *Cornus Florida*. One of our finest native American trees. Hundreds of large, creamy-white flowers cover the tree in early spring before the leaves appear. In fall, the rich green foliage changes to gorgeous red tones, and small scarlet fruits appear which further enhance the beauty of this tree.

Grows 8 to 10 feet tall. Has a delicate-appearing, lacy effect and is perfectly charming for the lawn or shrub border. Has graceful, spreading growth habit. Valuable for naturalizing effect.

Firethorn

PYRACANTHA LALANDI

Retains Foliage All Winter

1434. A remarkably beautiful berried shrub that retains its foliage all winter. Large trusses of pure white flowers bloom in May, followed by an abundance of brilliant orange-scarlet berries which densely cover the bush, making it a gorgeous "mound of flame!" The berries remain into winter, adding their brilliant color to the landscape. Valuable for indoor decoration during Christmas. Grows 4 to 6 feet tall. Hardy, vigorous. Very effective in foundation plantings, borders and hedges. A distinctive shrub for your yard.

2 yr., 12-15 in.....	\$2.25	\$4.25	\$7.95

DWARF FIRETHORN

Scarlet-Orange Berries All Winter

1435. (*Pyracantha Angustifolia*) Beautiful evergreen shrub that can be used with great effect in garden and landscaping plan. Has long, slender branches and narrow green foliage, forming a dense bush. White flowers bloom freely in May. In fall, immense quantities of bright orange or brick-red berries appear and remain into winter. For a low, colorful hedge it is one of the best; also perfect for contrast among other shrubs and foreground of foundation planting.

2 yr., 12-15 in.....	\$1.95	\$3.75	\$6.95

SUNBURST SHRUB

Bright Golden-Yellow Flowers in Profusion

1378. (*Hypericum Hidcote*) From a famous estate in England comes this grand new Hypericum. Bright golden-yellow flowers, 2 to 3 inches across bloom in profusion from early summer to mid-October. Of dwarf habit, growing 2 feet tall and 2 feet wide, with dense, leathery, green foliage. In cold climates it dies down in winter, sending up new growth each spring. Splendid for border, group planting, a picture window planter or in front of evergreens. Hardy. Thrives in most locations and soils.

RIVER'S BEECH

The Final Touch of Elegance

1269. Imagine this most colorful and beautiful tree growing on your lawn — adding new distinction to your home! Gorgeous deep maroon foliage in spring, gradually turning a deep maroon-purple in summer, and in fall a rich purple-brown. A tree of superb qualities: rich color, shapely growth, hardy, long-lived and easily grown. A sensational showpiece for any lawn — large or small. Order early.

	Each	2
2-3 ft. trees	\$4.75	\$9.25

GOLDEN CHAIN TREE

Dual Purpose — Color and Shade

1264. (Laburnum Vossi) Flowers of purest golden-yellow hang in graceful clusters, 12 to 18 inches long; similar in appearance to the Wisteria. Blooms profusely in late spring. It grows 15 to 20 feet tall. Ideally suited to the small yard, but a fine addition to any garden. Clover-like, shapely foliage adds to its beauty.

Emlong's RASPBERRY PLANTS

Black Raspberry

Large Delicious Berries

Outyields All Other Varieties

701. A new Black Raspberry originated by the Iowa State College and introduced in 1955. In tests it outyielded all other varieties. Black Hawk has produced as many as 5000 pints of berries per acre. The very large fruit often measures $\frac{3}{4}$ inch in diameter. The berries are sweet, juicy and have a rich flavor. Excellent for eating fresh, canning or in pies and jam. Ripens midseason, about the first week in July. Plants are strong healthy and vigorous. The berries have a rich glossy black color, and are firm and stand up well in shipping and handling. Highly recommended for commercial growers and home gardeners.

NEW DAWN – Earliest Variety to Ripen

703. A fine new early Black Raspberry. Very vigorous grower. Hardy and disease resistant. Produces a tremendous early crop. Good money-maker for first-of-the-season berry market. Large, attractive, glossy black, firm berries; non-crumbling. Juicy and well-flavored. Wonderful for pies, canning, fresh desserts and all purposes. Keeps and ships exceedingly well. A superior early variety for commercial growers and home gardens. Extend your berry season by planting NEW DAWN this spring along with the late ripening varieties. Order early. Supply is limited.

CUMBERLAND – Late Ripening Blackcap

702. Ripens midsummer and bears through the late season, producing profitable crops of large, firm, round, glistening black berries that "ooze" with rich flavor. In big demand for fresh desserts, canning and freezing. Plants are self-supporting and non-suckering. Hardy, thrifty growers; will thrive anywhere. An old favorite and still widely planted by commercial growers and in home gardens.

GROW **Giant** Blueberries

— COMMERCIALY
or IN YOUR OWN GARDEN

Useful as Hedges — Foundation Plantings

Blueberry plants have a dual purpose in your planting. They are excellent ornamental shrubs, both when in bloom with large clusters of Lily-of-the-Valley-like flowers, or when loaded with ripening berries; as well as affording delicious fruit for your own use, or to market for profit. The foliage of the Blueberry turns red in the fall, giving a pleasing contrast among other shrubs. Plant Blueberries in shrub borders, hedges or foundation planting.

Beautiful Blossoms — Delicious Fruit all Summer Long. Enjoy luscious, giant Blueberries. Each bush is a fruit garden in itself. The berries are mild and sweet. Fruit ripens over a long season and keeps well on bushes and after being picked. Plants usually start to bear the third year. Plant two or more bushes for perfect pollenization; set 5 to 7 feet apart.

JERSEY — Midseason to late No. 744. Vigorous hardy bushes; yield extra large berries. In our opinion Jersey is superior to other varieties.

RUBEL — Midseason No. 748. A very hardy upright bush that gives generous yields of medium to large size fruit.

RANCOCAS — Early No. 746. The Rancocas variety is of excellent quality and produces a good crop over a long picking season.

Buttercup Shrub ↑

BUTTERCUP SHRUB

◀ (POTENTILLA MOONLIGHT)

A Mound of Green and Gold All Summer

1442. An impressive shrub that grows in an irregular small mound about 2 to 2½ feet high, covered with a mass of small fern-like leaves. It is studded with intensely brilliant golden-yellow, Buttercup-like flowers from June until October. Does best in full sun. Thrives on most any kind of soil. Very hardy.

This charming shrub can be used in front of shrub border or in foreground of perennial plantings. Also an excellent shrub for a low hedge or edging. Planted 12 inches apart, it will make one of the most brightly colored, dense hedges imaginable. A mound of green and gold all summer.

Spectacular ASTILBE

Exquisite Feathery Plumes in June and July

GROWS IN FULL SUN OR SHADE

A brilliantly colored perennial with attractive, branched, feathery flower heads. This is one of the easiest perennials to grow as it is not particular as to soil. In June and July, exquisite 18 to 20 inch, plummy wands of feathery character and brilliant coloring appear. As roots age, stems become more and more numerous, producing more flower plumes. Plant in full sun or semi-shade. Blooms last over a long period, providing a vivid splash of unusual color in the garden. Specify color wanted.

FANAL. 2018. A feathery spike of intense rich red. Flower plumes last unusually long.

GLADSTONE. 2017. Lovely pure white flowers. Strong growing and free flowering.

PEACH BLOSSOM. 2019. Beautiful light rose, dense feathery plumes.

Lovely CRAPE MYRTLE

Blooms Midsummer to Frost

This charming plant, which is so much a part of Southern beauty, is now available in hardy form for Northern gardens. Beautiful flowers with fringed petals and soft crepe-like texture, are borne in large panicles. The colors are clear and exquisite. Blooms over a long period during the hottest summer months. The attractive, deep green, glossy foliage makes a fine background.

Brings Charm of the Old South to Your Garden

Crape Myrtle will thrive in any ordinary, well-drained garden soil. A sunny, sheltered location is preferred. Will often bloom the first year after planting. The tops die down to the ground each winter in the North, but send up new shoots every spring which bear an abundance of glorious blooms to grace your garden. For a colorful border set plants 3 feet apart. **Your choice of colors: 1352, Crimson Red; 1348, Rosy Pink; 1350, Royal Purple.**

Exquisite SHASTA DAISIES

MOUNT HOOD — Prolific Bloomer

2036. Gorgeous, extra full Daisy of pure white with golden-yellow center. Flowers are 4 inches and more in diameter. Completely hardy and a strong grower. Plants are 22 to 26 inches tall when established and bloom profusely all season. You'll like this for garden display and cutting. **\$1.00 each; 3 for \$2.75; 5 for \$3.95, postpaid.**

AGLAYA — White Frilly Flowers

2038. Lovely double-flowered variety. Flowers are 3½ inches across, fully double with frilly, ruffled petals. A pure white flower with creamy-yellow center. Plants grow about 20 to 24 inches tall, very prolific bloomers. Completely hardy, very thrifty, multiply rapidly. In bloom almost continuously. **\$1.00 each; 3 for \$2.75; 5 for \$3.95, postpaid.**

◀ MOUNT SHASTA — Fully Double

2034. Beautiful pure white blooms with high tufted center and a double row of guard petals. Blooms profusely from spring until freezing weather. Flowers come singly on wiry, 24-inch stems. Always showy in mass plantings and very desirable as cut flowers. A fine plant; healthy and vigorous. **70c each; 3 for \$1.95; 5 for \$2.95, postpaid.**

Old Fashioned BLEEDING HEART

Rosy Red Heart-Shaped Blossoms

2202. No garden is complete without a planting of this excellent hardy perennial. It blooms over a long period and combines beautifully with other spring flowers. Bears numerous rosy-red, heart-shaped, pendant blossoms on long, arching stems. Ornamental foliage makes it desirable for borders and floral arrangements. Grows about 2 feet tall. A great favorite in generations past and still very popular. You will enjoy its graceful beauty both in the garden and in bouquets. **95c each; 2 for \$1.85; 4 for \$3.50, postpaid.**

◀ Everblooming BLEEDING HEART Dwarf Growing — Plumy Foliage

2201. (Plumy Bleeding Heart.) A dwarf-growing sort, about 12 to 18 inches tall, with grayish-blue, finely cut foliage. Showy racemes of deep, rose pink flowers throughout the season. It blooms profusely in spring; some flowers are produced throughout summer; and then in autumn, it blooms again as freely as it did in spring. Flowers last a long time; plants are seldom without bloom. Perfectly hardy; does well in any well-drained soil. This fine border plant is equally at home in sun or shade. If grown in shade, the rich color fades and becomes several shades lighter. Be sure to include Plumy Bleeding Heart in your spring planting. **95c each; 2 for \$1.85; 4 for \$3.50, postpaid.**

(31)

Giant DAHLIAS

THE COMMODORE. 2310. Bright lemon-yellow. Extremely large flowers, up to 14 inches across. Very impressive in color and size.

COMMANDO. 2312. Excellent deep lavender. The nearest to a blue Dahlia. It is very free-flowering on strong, erect stems.

MRS. GEO. LE BOUTELLIER. 2314. Extra large flowers of crimson-red. Vigorous and very productive. Outstanding in every way.

WHITE WONDER. 2320. Immense blooms of iridescent white with long, twisted petals. Very decorative. Grand for cutting and exhibition.

D. DAY. 2316. Outstanding in form and color. Lovely pure pink flowers of medium size. Profuse bloomer. Grows vigorously, with cane-like stems.

THOMAS EDISON. 2318. Impressive blooms of royal purple. Has won many awards. Strong stems and healthy, sturdy plant.

Prices of Above Varieties:

GIANT *Pacific Hybrid* HARDY NORTHERN GROWN DELPHINIUM

The elegance and beauty of this marvelous new strain of Hybrid Delphinium almost defies description. Great stalks, 3 to 5 feet tall, bear enormous flower spikes heavily laden with individual flowers. Each flower is exceptionally large, 2 to 3 inches across, and perfectly formed. The blooms are single, semi-double and double. Colors are exquisite. Plant in groups of four for best effect.

BLACK KNIGHT. 2122. Large flowers of the darkest royal violet shades. White bee. The individual blooms are beautifully formed and richly colored.

CAMELIARD. 2126. Clear, soft lavender with white bee. Very large, round florets of perfect form.

GALAHAD. 2124. Giant glistening pure white flowers with white bees. Florets often reach three inches in diameter and are heavily textured. Blooms are carried on 5- to 6-foot stems.

GUINIVERE. 2129. Light pink-lavender self with white bee. Excellent branching habits; beautiful large blooms. Long, graceful spikes.

SUMMER SKIES. 2128. As beautiful as the name indicates. The blue is the blue of a summer sky and the white bees represent the fleecy clouds. The large individual florets are beautifully formed and carried on tall stiff stems. 70c each; 2 for \$1.30; 4 for \$2.45; 8 for \$4.45, postpaid.

Exciting New Astolat

PINK DELPHINIUM

Brings New Charm to Your Garden

2130. We are pleased to offer this exciting new series of Delphinium. The colors are exquisite, ranging from palest pink through shades of lilac-pink to raspberry-rose; all with contrasting black or fawn-colored bees. You'll like this new series. They make a gorgeous display when planted in groups by themselves; also they blend beautifully with other Delphiniums.

The plants have the same vigorous growth habit as other Pacific Hybrids. The florets are very large and well-formed, carried on long, well-filled spikes. Tall, strong, whippy stems withstand strong winds. Don't fail to include New Pink Astolat in your planting this spring. Order early.

75c each; 3 for \$2.19; 6 for \$3.98, postpaid.

Dainty LILY-OF-THE-VALLEY

(32) Lily-of-the-Valley

2064. Everyone loves these delightfully fragrant, white flowers. Exquisite, tiny, bell-shaped blossoms hang from strong 10-inch stems. Attractive green foliage is ornamental all season.

Plants are prolific growers and spread rapidly. Given reasonable care, a bed of them will produce flowers in abundance for a lifetime. Grow in sun or shade, wet or dry soil.

2 for 65c; 5 for \$1.35; 10 for \$2.35; postpaid.

CARNATION-FLOWERED BEGONIAS

Something completely different in Begonias and very lovely. The exquisite double flowers have frilled petals with edges lacinated, giving the appearance of huge double Carnations. Grow successfully in ordinary soil, in full shade or semi-shade. Bloom freely and continuously all season. Lovely in the garden, in arrangements and corsages! Your choice of 5 beautiful colors: **2828, Red; 2830, Pink; 2832, White; 2834, Yellow; 2836, Orange.**

TREE PEONIES ➔

Truly A King of Flowers!

They bloom with royal lavishness year after year. Magnificent double flowers up to 8" across, beautifully formed and richly fragrant, set against lush, deep green foliage make a wonderful display. A single plant may be used as the focal point of your garden, or use them in pairs to give distinction to an entranceway or garden walk. Their exotic beauty will enrich any setting.

Tree Peonies are amazingly easy to grow. They flourish in any climate and in any good garden soil. Extremely hardy, long-lived and disease-resistant. These woody plants, unlike herbaceous sorts, do not die back to the ground in winter. Seldom grow more than 4 to 6 feet tall, but spread gracefully, growing larger and more beautiful each year.

At these astonishingly low prices, you will want several plants for your garden this spring. We offer the following colors: **RED, 2552; PINK, 2554; PURPLE, 2556; WHITE, 2558.** \$3.50 each; 2 for \$6.50, postpaid.

AMERICAN HYBRID RUFFLED DOUBLE *Ballerina Begonias*

New Flower Sensation! Enchantingly Beautiful!

Never have we seen Tuberous Begonias so excitingly different, so incomparably beautiful. The flowers are extra large, often measure 6 inches and more across — they are truly supreme in vigor and perfect form, with infinite variations of ruffles, frills and scallops.

Be first among your neighbors to grow Emlong's new Ballerina Begonias. Plant them in shady spots and on the north side of the house — they'll bloom this summer and put on a continuous display of beauty right up to frost! Your choice of colors: 2816, Dark Red; 2817, Pink; 2818, Copper; 2819, White; 2820, Yellow.

DOUBLE PICOTEE BEGONIAS

These are the fascinating two-toned Begonias. The flowers are exquisite in form, full centered with interesting picoteed petals edged in contrasting color. Grow them the same as other Begonias — let them bring sparkling color and beauty to those dull, shady garden spots! Use them for colorful display in entrance planters and beneath picture windows — they'll shine as conversation starters.

For earlier bloom, start bulbs indoors and transplant when danger of frost is past. Easy to grow. Will bloom for you this summer, from June until frost. Your choice of the following colors:

HANGING BASKET BEGONIAS

The beautiful weeping or hanging variety of Begonia. Blooms with fabulous freedom, producing hundreds of flowers all summer long. Easily grown in hanging baskets or window boxes. Give them a corner of the porch, patio or terrace, sheltered from direct sun and strong winds — they'll return a lavish display of gorgeous blooms throughout summer.

For a longer blooming season, start bulbs indoors now. When danger of frost is past transfer them to outdoor location. You will be delighted with their ability to transform a dull spot into a lovely floral bower. They are perfect for shaded window boxes and rock gardens, too. Choice of colors: 2840, Red; 2842, Pink; 2844, Orange.

NEW EVERBLOOMING *Harvest Giant* HARDY 'mums

The LARGEST MUMS ever . . . in a full range of exciting, new colors! Be first among your friends and neighbors to have the very newest in Garden Mums. These HARVEST GIANTS rival greenhouse-grown Mums — in SIZE, COLOR and PERFECTION OF FLOWER. Among the earliest flowering, and they continue blooming until stopped by killing frosts. We have selected the following varieties, which have outstanding qualities. Be sure to plant some this spring for a spectacular fall garden and gorgeous cut flowers.

- SEPTEMBER SONG. 2286.** (Pat. No. 2001) Deep rose-pink, incurving 6-inch blooms. Compact, upright plant, 15-20 inches tall, evenly branched. Blooms continuously from mid-Sept.
- INDIAN SUMMER. 2288.** (Pat. No. 2003) Incurving, deeply reflexed, 6-7" blooms, reddish orange-bronze with buff reverse. Very showy. Upright, 2-ft. plant. Blooms from early September to killing frost.
- PINK HAZE. 2290.** (Pat. No. 1979) Lovely medium pink. Very double 6" blooms, pointed petals, deeply reflexed. Vigorous, 18" plant.
- TOUCHDOWN. 2291.** (Pat. No. 2002) Deep rose-pink; reflexing 7-8" flower. Very spectacular. Sturdy 30" plant with strong stems, deep green foliage.
- RED SKIN. 2292.** (Pat. No. 2004) Decorative 5-6" blooms, deep maroon red — a rich color. Compact 18-20" shapely plant. Blooms late September, until killing frost. Striking in garden and arrangements.
- PUMPKIN. 2293.** (Pat. No. 1978) Gorgeous deep apricot-bronze, 5-inch blooms with rounded petals; weather resistant. Plant 20 inches tall.
- GOLD DUST. 2294.** (Pat. No. 2006) Brilliant yellow, 5-inch blooms with fluffy but firm petals. Bushy 15" plant; showy light green foliage. Blooms continuously from early September on.
- JACK O' LANTERN. 2295.** (Pat. No. 1980) Incurving ball of brightest clear yellow. Superb 5" blooms atop strong 20" plant.
- WHITE FROST. 2296.** (Pat. No. 2007) Almost pure white, fully double 5-6 inch blooms, incurving, very attractive. Plant 24 inches tall, upright, evenly shaped, extremely hardy.
- FULL MOON. 2298.** (Pat. No. 2005) Large, creamy-white incurving ball, 6-7" across — a beauty! Well-foliaged, 24-inch plant.
- AUTUMN LEAVES. 2300.** (PL.P.A.F.) Incurving fluffy blooms, 6 inches and more. Dark orange-bronze with buff reverse. Grows 24 inches tall.
- HIGH NOON. 2302.** (PL.P.A.F.) A profusion of 4-inch blooms, creamy-white with primrose center. Reflexing decorative of perfect form. Well rounded, 15-18 inch compact plant. Stiff, sturdy stems.
- GOLDEN ARROW. 2304.** (PL.P.A.F.) Golden yellow, incurving 5-6 inch blooms. Symmetrical 28-in. plant. Blooms continuously from late September on.

Hybrid Cattleya Orchid

Now You Can Grow Your Own Orchids

HYBRID CATTLEYA ORCHID PLANTS

2863. Think of it! Now you can grow the most glamorous of all flowers right in your own home! Contrary to popular belief, ORCHIDS ARE EASY TO GROW. They do not require a tropical climate, greenhouse, or a special room. They are not delicate, fussy plants that need coddling. Simply give them thoughtful care (according to the instructions) and they will flourish with outstanding vigor and produce huge, full, circular blossoms with gigantic fringed lips — just like the exquisite, expensive corsage Orchids seen in flower shops.

It's a Thrilling Experience to Own a Blooming Orchid Plant!

Emlong's are offering BLOOMING-SIZE Hybrid Cattleya Orchid plants. These are strong front divisions of mature plants. The blooms vary as to color, but generally are lavender, or white with purple lip. We supply large plants, ready for 4-inch pots. Complete growing instructions and Osmunda potting medium are included. Growing Orchids can be a fascinating and rewarding hobby! Be first among your friends to enjoy this thrilling new experience. Our supply of plants is limited — order yours today.

\$3.95 each 2 for \$7.75 Postpaid

ORCHID PLANTS by Color

For you who want blooms of a specific color, Emlong's now offer Orchid plants by color. These are Hybrid Cattleya Orchid plants, which produce those exquisite large blooms, so much in demand for corsages and floral decoration. Choose colors to suit your personality, your home decor, or special occasions. We supply strong, blooming-size plants, ready for 4-inch pots. Growing instructions and Osmunda potting material included. Your choice of colors: **Lavender, 2864; White with Yellow Throat, 2865; White with Colored Lip, 2866.**

\$5.95 each 2 for \$10.95 Postpaid

OSMUNDA FIBER

120. The most successful potting medium for Orchids. Provides the correct measures of both aeration and drainage. The best potting material for replanting your Orchid plants and divisions.

1 Pkg. Fiber (enough to repot into 4-inch pots)

\$1.25 postpaid.

GARDENIA VEITCHI

2070. (Cape Jasmine) Enjoy this beautiful plant the year around — in your home all winter and again all summer in your garden. It is easy to grow and lasts for years. Flowers are exquisite — large, beautifully formed, creamy-white, waxy-textured, richly perfumed. When not in bloom, the lush deep green, shiny foliage makes a fine decoration. You'll prize the flowers for corsages too! **3 in., Pot Plants, \$1.25 each; 2 for \$2.40, postpaid.**

PASSION FLOWER

2088. (Passiflora Caerulea) Magnificent, 4-inch flowers, pink with crown of purple and white. Emblematic of the Crucifixion. Plant is vigorous growing, tendril climbing vine. Blooms from early summer to late fall. Grows 10 to 20 feet tall. Not hardy in northern sections; can be potted for indoor culture over winter. Flowers are delicately fragrant; will bloom indoors, too. **95c each; 3 for \$2.50; 6 for \$4.50, postpaid.**

OUTDOOR FERNS

Valuable for shady spots where flowers and grass won't grow. Ferns do well on north side of house and under trees. Excellent for naturalizing; not bothered by tree roots.

OSTRICH FERN. 2580. A luxuriant sturdy plant; for deep or partial shade.

MAIDEN HAIR. 2581. Thrives in shady spots. Lovely feathery foliage; grows 1 ft. tall.

SENSITIVE. 2582. Succeeds in sun or shade. Good for boggy spots. Height 1 ft.

LADY. 2583. Finely cut fronds. Does well in moist rich soil; sun or shade. **70c each; 2 for \$1.30; 4 for \$2.40, postpaid.**

(36) Bird-of-Paradise

Colorful BIRD-OF-PARADISE

2880. (Strelitzia reginae) Gorgeous reds, blues, yellows and vivid orange combined in the flowers of this amazing plant are equalled only by the famed plumage of the jungle bird for which it is named. Mature plants grow about 3 feet tall and carry as many as 25 to 30 flowers at a time. So distinctive in form and so colorful, you'll treasure them for exotic floral arrangements. Grow them in a sunny window now and set outdoors in summer to grace a patio or terrace. **\$2.50 each; 2 for \$4.50; 4 for \$8.50, postpaid.**

Pretty PRIMULAS

2072. (Hardy Primrose) One of the most colorful of the early flowering, hardy perennials. Plants prefer a damp, shady location but may be planted in borders or rockery where light shade is obtained. The flowers are borne in clusters atop 8-inch stems, well above the broad-leaved foliage. Individual flowers are as large as a half-dollar. Bloom during May; come in a wide range of bright colors. A fine addition to the garden for hard-to-fill shady spots. Plant 4 to 6 inches apart. **75c each; 3 for \$2.10, postpaid.**

Sensational - New "GREEN ICE" Gladiolus

2614. New and entirely different color for your Glad collection. We consider GREEN ICE by far the most satisfactory of the so-called "green glads". The color is a soft chartreuse, shading darker in the throat, without markings or blotches — a lovely color that blends well with other colors.

A strong, healthy grower reaching 5 feet and more; produces a splendid long spike carrying up to 22 buds. Opens 8 to 10 large, well-placed, perfectly formed flowers at a time.

GREEN ICE is a wonderful show flower; has the qualities of a Grand Champion. Don't fail to include it in your planting this spring. Makes a fine display in the garden and is superb in arrangements.

HARDY GLOXINIA

(Incarvillea Delavayi)

Bears Clusters of 8-10 Blooms in Summer

2862. Charming and very showy perennial originating in China. Its large, trumpet-shaped flowers bloom profusely in early summer. Graceful, pinnate leaves of rich green form a perfect background for the rosy-purple yellow-throated flowers. Flower stalks grow 2 feet tall, rising above the foliage, bearing from 8 to 10 colorful blooms in clusters.

If you are looking for something out of the ordinary, we recommend planting Hardy Gloxinia in the sunny border or in a sheltered location alongside the house or patio. It is easily grown and requires little or no care; will thrive in any good garden soil, with plenty of sunlight and protection from strong winds.

Have this fascinating flower for your garden this spring. It provides a fine display of color outdoors and you'll enjoy the flowers again in striking arrangements.

Postpaid prices: 79c each; 2 for \$1.39; 4 for \$2.39.

Plant Emblong's PERENNIALS PAINT YOUR GARDEN WITH COLOR

PINK LYTHRUM

2066. An excellent summer flowering perennial. The plant grows to height of 3 feet with flower spikes 12 to 18 inches long, making a very showy display. Each plant bears dozens of spikes covered with bright pink flowers, held proudly above the dense foliage, through late summer. Fine for shaded areas and around pools. Does well in dry weather, but comes into perfection in a moist location. Very substantial and easy to grow; will thrive in ordinary garden soil. Very hardy. A fine cut flower and very effective in bouquets. **70c each; 3 for \$1.95, postpaid.**

Foxgloves

HYBRID FOXGLOVES

2046. Beautiful "wedding-bell" flowers in a wide range of solid and two-tone colors, with dotted throats. Flower heads are 2 to 3 feet long, thickly clustered with large bell-shaped blossoms. For continuous bloom, nearly all summer, cut off old stems when flowers fade. A mass planting in beds or border will produce a truly charming effect. They may also be used for a shady border or woodland garden. **55c each; 3 for \$1.60, postpaid.**

DAINTY PINK CORALBELL

2048. (Heuchera) Charming coral-pink, bell-shaped flowers produced on wiry stems 2 feet tall. The plant forms a mound of geranium-like leaves close to the ground, from which the stems arise carrying the blossoms in graceful panicles. An ideal cut flower and border plant. Blooms from May until September. **70c each; 3 for \$1.95, postpaid.**

Coralbell

BLUE MOON ASTER

2080. (Stokesia) Immense, 5 to 6 inch flowers of exquisite light blue are borne on upright, stiff stems 12 to 18 inches in height. It is of easy culture and flowers throughout the summer and autumn until stopped by a hard frost. Will thrive in sun or partial shade; easy to grow. An excellent plant for forefront of the border. Vigorous growing and free flowering. **55c each; 3 for \$1.60, postpaid.**

COLORFUL VIOLAS

2084. Often called "Hardy Pansies", these enchanting little blossoms appeal to all who love flowers. The plant grows 6 to 8 inches tall, will thrive anywhere, and blooms from early spring until frost. A perfect plant for low borders and for masses of color in the rock garden. Assorted colors only. **55c each; 3 for \$1.60, postpaid.**

Asclepias

ORANGE BUTTERFLY PLANT

2068. (Asclepias) Sweet-scented, 3 to 4 inch flat clusters of the brightest orange flowers you have ever seen. Attracts butterflies. The plant is dwarf growing and very hardy; withstands severe winters and hottest summers. Very free flowering from July to fall. A startlingly vivid and splendid color addition to the perennial border and for growing in front of shrubbery. Lovely for cutting. **55c each; 3 for \$1.60, postpaid.**

BLUEBIRD VERONICA

2082. The aristocrat of the perennials! The heavy flower spikes are completely studded with intense, lustrous deep blue blossoms. Blooms freely, providing a fine display from midsummer through fall. The sturdy, 12 to 18 inch flower spikes are fine for cutting and very effective in bouquets. This hardy plant is indispensable for the perennial border and a quantity of them should be included in every garden. **70c each; 3 for \$1.95, postpaid.**

WHITE FEVERFEW

2042. An attractive, medium tall plant. It has finely divided leaves and small, double white flowers on stems 12 to 18 inches in height. Bears a profusion of bloom throughout the summer. Will grow freely in ordinary well-drained soil. Plant one foot apart in sunny border. A group of these make a most effective display in border planting. The long-lasting flowers make lovely bouquets in themselves, as well as in combination with other summer perennials. **55c each; 3 for \$1.60, postpaid.**

LARGE FLOWERED VARIETY — SPICY FRAGRANCE

For Gay Borders, Lovely Bouquets and Corsages

The lovely perennial Carnation Grenadin comes in 5 beautiful colors:

2110. Golden Sun, glowing yellow.

2112. Ruby, deep maroon red.

2116. Scarlet Prince, bright scarlet crimson.

2114. Purity, pure white.

2118. Triumph, lovely deep pink.

Now you can have Carnations as large and beautiful as the greenhouse variety right in your own garden! Plant them in solid beds, borders or in groups and you'll have an abundance of colorful, delightfully fragrant blooms all summer and at intervals through fall. Grow 18 to 20 inches tall. Do well in ordinary, well-drained soil. Easy to grow. **60c each; 2 for \$1.10; 5 for \$2.25, ppd.**

CALLA LILIES

Delightful and unusual summer-flowering bulb. Tall, stately plants with beautiful trumpet-shaped flowers that you will grow with pride and pleasure.

PINK CALLA. (Rehmanni) **2730.** The pink or rose Calla. Sweetly scented. A rare species.

YELLOW CALLA. (Elliottiana) **2732.** Deep golden yellow. Green foliage spotted white.

WHITE CALLA. (Alba Maculata) **2734.** White with crimson blotch; leaves spotted silvery white.

IVORY CALLA. (Ethel Roosevelt) **2731.** A rare variety producing pale yellow flowers.

79c each 2 for \$1.49 Postpaid

4 Large Bulbs, 1 each color. \$2.39 ppd.

GLOXINIAS

These brilliantly colored beauties can be grown by anyone! Easily grown in pots or plant outdoors in warm weather, preferably in semi-shaded spot. Huge, velvety, trumpet-shaped flowers make a brilliant show against the attractive green leaves.

COLORS:

EMPEROR FREDERICK. 2852. Scarlet with white border.

EMPEROR WILLIAM. 2856. Violet bordered with white.

HOLLYWOOD. 2854. Large bluish purple.

TIGRINA RED. 2858. Spotted and stained red.

WATERLOO. 2860. Deep red; has appearance of red velvet. Large flower. Strong grower. **Postpaid Each 2 4**

Large Bulbs\$.69 \$1.29 \$2.39

SPECIAL OFFER — 5 Colorful Gloxinias.....\$2.75, ppd.

Fancy-Leaved **CALADIUMS**

The magnificent large leaves of the Caladium, with their brilliant and interesting color variations, produce a truly stunning effect wherever grown, and for table decorations they are unequalled. Bulbs started indoors in January and February make showy plants for Easter and Mother's Day, or plant in the garden in April and May for a continuous foliage display from late spring until frost. Dig bulbs in fall and use again the next Spring. Plant in full sun or light shade where they will perform satisfactorily all summer.

CANDIDUM. 2740. Snow-white leaves with green veins and network; narrow green border.

RED FLARE. 2742. Dwarf growing. Large red center, green border.

LORD DERBY. 2744. Transparent rose; dark green ribs, green edge.

69c each; 2 for \$1.29; 6 for \$3.59, postpaid.

SPECIAL OFFER — 3 Fancy Leaf Caladiums....\$1.89, ppd.

Spectacular — Hardy

PINK VERBENA

**Blooms Continuously
All Summer and Fall**

2094. One of the most beautiful and satisfactory of all hardy perennials for massing in borders, rock gardens, and for covering banks, because of its long blooming period. Lovely, brilliant pink flowers are produced in large clusters continuously from early June until late October.

You'll enjoy this delightful perennial no matter where you plant it, not only for the color it brings to the garden but for its value as a cut flower in making low arrangements for table decoration.

Thrives in any ordinary garden soil with little care. Grows about 10 inches tall. For a colorful edging to border or walk, set plants about 6 inches apart. No need to replant each year — Hardy Verbena comes up year after year.

**Field-Grown Plants, 75c each;
3 for \$1.95, postpaid.**

Giant Blooming PEONIES

AVALANCHE. 2531. Choice creamy white. Large, compact flower with delicately tinted lilac-white center. Blooms late season. Fine show flower.
EDULIS SUPERBA. 2532. Dark rose-pink, sometimes called light red. Full blooms with high tufted center. Very fragrant. Tall, strong grower.
FELIX CROUSSE. 2534. Brilliant rose-red with silky lustre. Incurving central petals surrounded by broad guard petals. Late blooming. Vigorous grower.
LOUIS VAN HOUTTI. 2536. A large garnet-red Peony. Good performer, very free flowering. Produces long stems; good cutflower as well as garden variety.
MONS. JULES ELIE. 2538. Beautiful silvery pink. Broad guard petals surround center of semi-quilled petals. Large, early bloomer; pleasing fragrance.
SARA BERNHART. 2540. Lovely appleblossom pink of perfect form and delightful fragrance. Ideal cutflower; excellent plant, very free flowering.

COLORFUL-CHARMING

Lilies

(40) Emerald Strain Lily

PINK PERFECTION

2722. Magnificent flowers, shaded fuchsia-pink. The color extends over the inner, as well as the outer surface of the petals, and is indescribably beautiful. This pink strain, in habit and culture, is similar to the great Olympic Hybrids. **\$1.50 each; 3 for \$3.75, postpaid.**

EMERALD STRAIN

2725. This lovely strain produces flowers of an almost translucent, pure, cool, emerald green. Large, beautifully shaped trumpets are borne on tall, stout stems that never need staking, except in the most exposed locations. A great improvement over Green Mt. Hybrids. **\$1.50 each; 3 for \$3.75, postpaid.**

ENCHANTMENT

2724. (Plant Pat. No. 862) Heaped with honors since its introduction! Enchantment is an upright plant, loaded with well-formed flowers of vivid, nasturtium-red color that blazes in the sun. It will make a great show in your garden. About 40" tall. **75c each; 3 for \$1.95, postpaid.**

GOLDEN CLARION

2723. The most glorious golden yellow trumpet Lily. Blooms in late July; stands 5 to 7 feet tall when full grown. Color is uniform deep golden yellow with maroon-brown stripe on reverse of the petals. Sturdy, vigorous plant. A consistent show winner. **\$1.50 each; 3 for \$3.75, postpaid.**

OUTSTANDING MID-CENTURY HYBRIDS

2726. We offer a mixture of these hybrids, consisting of all types and colors. They are very hardy, establish themselves readily and multiply rapidly. Flower from mid-June to mid-July with unbelievable freedom. Height varies from 3 to 4 ft.

These Lilies are sturdy, vigorous, prolific plants that will bloom next summer and increase rapidly thereafter. For those of you who want masses of flowers for cutting and display. Order early. **75c each; 3 for \$1.95; 6 for \$3.75, ppd.**

(Plant Pat.

Red Rich

RED RICH EVERBEARING STRAWBERRY

225. You've never seen plants so big and so vigorous, or berries so rich in bright red color clear through to the core! Developed in Minnesota, RED RICH is the result of a cross between Wayzata and Fairfax. It combines the best qualities of both parents, — thrifty growth, heavy yield, good plant making ability, wonderful honey-sweet flavor and firmness.

RED RICH ripens its first berries in June and keeps right on giving you heavy yields all summer, right through to fall. Luscious, big berries with firmness clear through that holds up exceptionally well in storage or shipping. They are unsurpassed for freezing too; won't mush up when thawed.

Each RED RICH plant shipment carries new "Space System" planting instructions. Follow these carefully; you'll be delighted with the results. Commercial growers and home gardeners alike can profit by planting RED RICH this spring. Supply is limited — order your plants today.

CHIEF BEMIDJI

Extremely Hardy Everbearing Strawberry

235. (Plant Pat. Applied For) A new everbearer, so hardy it survives temperatures 40 to 50 degrees below zero without winter cover! Developed at Bemidji, Minn., where temperatures are often the lowest of any in the U. S. Chief Bemidji produces large, beautiful berries, bright scarlet-red to the core and honey-sweet. Excellent for market and all purposes; high sugar content and low acid flavor. Bears an abundant crop in June and midsummer, then gives you another big crop from September until frost. Plant super-hardy CHIEF BEMIDJI this spring — have fresh, luscious, sweet berries this very summer and year after year.

POCAHONTAS

256. A recent introduction that is exceptionally vigorous and productive. Berries are very large and glossy, vivid red. Flavor is good and slightly tart. Excellent shipping and handling ability. The plants are thrifty growers and very early produce big runner plants, making a good fruiting row. Ripens a week later than Premier. One of the best all-purpose berries. Retain firmness and attractive appearance several days after picking. Excellent for commercial and home plantings.

CATSKILL

240. Generally recognized as one of the best mid-season to late varieties. A cross of Premier by Marshall. It is a sure cropper; ranks next to Premier in this respect; rarely ever freezes. Berries are bright, shiny red; hold color exceptionally well. Unequalled for flavor. Good for freezing, canning and shipping; berries are firm and solid. Very hardy variety; does well in all Northern states. Vigorous and thrifty; a good plant maker. Always produces a large crop of top quality, delicious berries.

Sonjana

CLIMBING STRAWBERRY

280. This amazing plant grows 6 feet tall and produces bright red, firm, juicy, sweet berries all the way up. Imagine, picking such berries off the vine this summer — without stooping or the need to wash off dirt. And they require so little space — just 2 square feet of ground per plant!

Sonjana plants are easy to grow, thrive in any good garden soil and can be trained on trellis, wall or fence. Lush green foliage, white blossoms and bright red berries are so ornamental, you can plant Sonjana anywhere — to beautify your garden, or a bare wall or fence. Produces delicious berries all summer and fall the first year, and from June until winter in succeeding years. A true perennial that will live for years, increasing in beauty and productivity. Order Sonjana for your garden this spring — it can't fail to delight you.

210. Everbearing Champion! Brilliant has won all records for BIG YIELD and PERFECT BERRIES. In tests with other everbearing varieties Brilliant produced 7000 quarts per acre; 2000 more quarts than any other variety.

True Everbearer! Brilliant is the only everbearer that keeps fruiting steadily all summer and fall. It is a 100% perfect pollenizer; matures to full size, uniform shape and even color.

Quickest Berry Maker! Brilliant plants are so thrifty and vigorous that, unlike other everbearers, the very first blossoms can be left on to bring you perfect berries just a few weeks after the plants are set out.

Brilliant Has Stood Every Test! Where many varieties fail due to droughts or excessive rains, Brilliant will thrive and produce its usual enormous load of top quality berries. Perfectly hardy, Brilliant does equally well on thin sandy soil, heavy clay or raw muck.

Big Money-Maker! Matchless quality and flavor make Brilliant a leading money-maker for commercial growers. The luscious, brilliant red berries are always in demand and bring top prices on the market. The rich, tangy flavor is outstanding; flesh is firm, solid and red clear through. Home gardeners, too, can profit by planting Brilliant this spring. Order your plants now.

New EARLIDAWN

Earlier Than Premier — Frost Resistant

250. New introduction of the U. S. Dept. of Agriculture. The earliest of all to ripen. A nearly frost-proof variety that bears uniformly large berries of excellent quality. EARLIDAWN is a cross of Midland by Tennessee Shipper and is proving to be an outstanding variety in all test areas.

The berries are quite firm with a tough skin; good freezing and canning quality. Color is vivid red; does not darken upon holding. Attractive color, good quality and sweet flavor make this a choice variety for fresh desserts as well as processing. Plants are strong, thrifty growers and come through year after year with early, large crops. Profitable for marketing and commercial processing.

VIRUS FREE ROBINSON-Best Late

270. Robinson is the only variety certified as Virus Free, by the Michigan Department of Agriculture which began the program in 1950. Completely healthy plants, selected from hundreds of samples, were propagated in strict isolation at the university farms. The resulting virus-free stock was then released to Michigan nurserymen who agreed to further propagate this stock under restricted conditions and definite cultural practices to maintain the virus-free characteristics. You as the grower planting these virus-free plants, need not be concerned with isolating them. Spraying and weed control, however, are good practices and should be carried on diligently in any strawberry planting.

One of the largest berries grown; 30 berries will fill a quart! Flavor is honey sweet. Berries are bright red, conical in shape and well colored to the center. Flesh is firm-textured and solid; excellent for canning and freezing. Plants are hardy and prolific; makes a good fruiting row on any soil; does well in the North. Ripens about two weeks after Premier. Bears heavily over a long period.

ALL PRICES POSTPAID

25	50	100	200	500	1000
\$1.60	\$2.60	\$3.95	\$6.50	\$12.50	\$19.50

Premier EARLY →

The Dependable Strawberry

265. The best selling Strawberry from coast to coast. It is one of, if not the earliest berry to bear, yet resisting frost. The picking is best before other commercial varieties come into bearing, thus bringing "first-of-the-season" high prices. Plants are thrifty, vigorous growers and make a good fruiting row. The foliage is tough and unusually healthy. Blooms are covered and protected from frost by the foliage. Premier starts to ripen early and continues bearing heavily for a long period.

Berries are uniformly large; long, pointed in shape and bright scarlet-red; have a super-delicious flavor. Its deep heavy roots enable Premier to withstand dry weather and mature full size crops when many other varieties are a failure. Can be trucked long distances and still look fresh, bright and very appetizing. Wonderful for fancy dessert and canning. Perfectly self-pollenizing; drought-resistant. **Set plants in April and May. They will bear next year.**

Kardinal King

260. An outstanding variety. Produces record breaking crops and is considered the best late Strawberry. Starts to bear after Premier and continues through the late season, prolonging berry profits. Kardinal King berries are big, solid red, juicy and full of delicious flavor. Favored for fresh desserts, processing and freezing. Hold up well after picking and can be shipped long distances without losing their firm quality and attractive red color. The plants are thrifty, vigorous growers; make wide fruiting rows and always produce record breaking crops. Give Kardinal King a trial and you'll be convinced of its superior qualities as the outstanding variety for both home and commercial use.

Jumbo THE LARGEST STRAWBERRY GROWN

255. This exceedingly vigorous grower produces large quantities of berries which are extra large and the flavor is mild and sweet. Plants are strong, vigorous and very healthy; makes an excellent fruiting row. Berries are a very dark red. Berries may be picked when they reach the color of Premier, or allowed to remain on the plant until completely ripe. Not quite as early as Premier. Proven to be one of the heaviest yielding strawberries known and also a good plant maker. Due to its firmness and color, Jumbo is a very good shipper; keeps exceptionally well.

RICHLY FLAVORED OLD FAVORITE

245. Dependable midseason to late Strawberry which stands coldest and warmest climates and poorest soils. Plants are medium in size, long rooted, extremely vigorous, free from disease, and will make more plants than any other variety grown in the midwest. Plants make a solid fruiting row, and bear medium size, very dark red berries that are honey-sweet. Richest flavored in the Strawberry family. Favored for preserving, jam, jelly, etc. Self-pollenizing. Very productive.

Hardy Pecan Tree

HARDY PECAN

Large Thin-Shelled Meaty Nuts

912. This is the rapid-growing, young-bearing variety that can be grown successfully in Northern climates. The nuts are very large and thin-shelled with large, flavorful nutmeats; much in demand for baking, confections and eating fresh.

Nut Trees Are a Lifetime Investment

The Hardy Pecan is a beautiful, long-lived, strong-growing tree and a dependable, prolific bearer. Makes a very profitable crop for commercial growers. The tree is also a fine ornamental, growing to a great height in the course of time. Suitable for planting in the lawn or backyard, wherever a tall shade tree is desirable. In large plantings, Pecans are often interplanted with other nut trees and fruit trees. These are sturdy, vigorous growing trees; trouble-free; require little care. Provide a lifetime of beauty, shade and nutritious food.

HALL'S ALMOND

New Rapid-Growing, Young-Bearing Tree

902. We are pleased to offer this new improved dual purpose tree that blooms so beautifully and bears a fine crop of delicious Almonds. Northern grown; these trees are hardy and can be grown wherever it is possible to grow peach trees. They produce abundant crops of top quality, nutritious nuts. Used extensively by commercial bakers, confectioners, and housewives everywhere. Hall's Almond is a rapid-growing young-bearing nut tree. The nuts are large with large juicy meat, of fine quality. A fine ornamental making it an attractive addition to any landscape planting — the blooms are attractive, the foliage is deep green in color. This dual purpose tree that blooms so beautifully and bears a fine crop of Almonds will provide you with fruit and pleasure for many years. Best results are obtained by planting two trees. For beauty and shade as well as a profitable crop of nuts ORDER TODAY.

CHINESE CHESTNUT

Mammoth Size — Blight Resistant

908. Wonderful new strain. Proven highly blight resistant in this country. Extremely hardy and vigorous. Trees are rapid growing, quick to bear and very heavy yielders. Trees produce nuts of fine flavor, sweet and are larger than those produced on the ordinary American variety. The meaty nutritious nuts are a favorite of everyone; always in demand for baking, confections and eating during the winter holidays. Trees grow about the size of an apple tree and are very decorative for lawn, providing good shade besides yielding an abundant crop of nuts each year. Bear young. Will thrive in any well-drained soil and require very little care once they are set out. For a profitable crop of nuts as well as beauty and shade, we recommend planting a few trees. Plant 2 trees for best results.

Paper-Shell ENGLISH WALNUT

Famous Hardy Carpathian Strain

910. This hardy strain of English Walnuts grows rapidly and starts to bear at a young age. The nuts are large, thin-shelled and well filled with full-meated kernels of extra delicious flavor. The trees are very ornamental, very hardy and are heavy, dependable bearers. English Walnut trees provide an abundance of shade, as well as a profitable crop of nuts year after year. They are easy to grow, require very little care. For beauty, shade and cash income plant dependable English Walnuts. Plant 2 or more trees for perfect pollination.

Emlong's PLUM TREES

ENJOY THEIR
FINE FRUIT

STANLEY PRUNE

The Sweetest Prune Grown

560. The "leader" of all Plums or Prunes offered today. It is the sweetest Prune grown and bears the quickest. Often starts bearing the second year after transplanting and yields heavily every year. Beautiful dark blue skin overspread with attractive bloom. Golden flesh is so sweet it needs little sugar for canning. Juice is wine colored and rich. Freestone. Ripens mid-season. Hardy, thrifty grower; adaptable to a wide range of soils. Ranks high for drying, preserving and dessert. A real money-maker for commercial growers and an excellent variety for home gardeners.

ITALIAN PRUNE—A Favorite

556. Widely planted in all fruit growing sections. Succeeds under most all conditions of soil and climate. Large, oval-shaped, purple-blue Plum with attractive coating of blue bloom. Flesh is firm, golden, with good texture and flavor. Very hardy, productive and reliable. Self-pollenizing.

SUPERIOR — Semi-Dwarf, Young Bearing

562. One of the very best. Fruits are extra large and attractive; have beautiful wine-red skin covered with purple bloom. Yellow flesh is sweet and juicy; freestone; peel like Peaches. Make flavorful jellies, jam and preserves. Ripens in August. Fruits are good shippers and keepers. Extremely hardy and young bearing trees; yield enormous crops every year. A money-making variety for commercial growers and fine for home orchards. Plant 2 or more trees for best results.

RED GIANT — New Plum of Large Size

558. One of the most beautiful Plums. Roundish oblong in shape, the fruit often measures 2½ to 3 inches long, in clusters of 7 to 12 giant beauties on the end of each branch. Ripening early, Red Giant plums attain a deep glowing maroon red color, heavily overspread with pink bloom. Flesh is greenish-yellow, very firm, fine and sweet. Exceptionally good shipping and canning variety. Should be included in every orchard planting. Profitable market Plum. Plant 2 trees for best results. (Grown and sold only by Emlong's. Propagating rights reserved.)

SANTA ROSA — Tops in Quality

564. A choice Plum in every respect. One of the best Japanese introductions. Very large, attractive, dark reddish-purple fruit. Flesh is red, fine-grained, very juicy and flavorful. Ripens mid to late August. Tree is rapid growing, early-bearing, vigorous and productive. Not self-fertile. Plant 2 or more trees for best results.

Famous GREAT EUREKA HEAVY-YIELDING QUICK-BEARING

552. The distinctive and delicious flavor of Eureka is a combination of Plum, Apricot and Peach. The fruit is thin-skinned, juicy and a most pleasing taste-treat. Separates easily from the skin; excellent for preserves, jellies and table dessert. Sometimes known as the "Red Nectar" fruit because the juice is red and sweet. Wonderful shipper and canner. Plant 2 or more trees for best results. (Emlong's propagating rights reserved.)

ASPARAGUS

EASY TO GROW GOOD FOR YOU

One planting of Asparagus lasts many years. Requires little care. Asparagus is always ready to sell early in the spring before other vegetables are ripe and always brings a good price. Emlong's home-grown roots are bright colored and of large caliper. **Plant them during March, April and May.**

PARADISE. 852. The new giant strain of Asparagus from California. Makes long, thick, very tender stalks. Grows quickly. Said to bear usable tips a year sooner than other kinds. Paradise retains its color when canned or frozen. Very profitable and very dependable for home or market. Rust resistant and very productive. A hundred roots will supply the average family for many years. Plant the same as Washington.

WASHINGTON. 854. Introduced by the U. S. Department of Agriculture, this has long been the leading commercial Asparagus. Produces large, tender, green tips. Mild, rich full flavor, very delicious. In great demand for shipping, canning and freezing. Plant the roots 12 inches apart in the garden. In the field rows can be 4 feet apart. 5000 roots plant an acre.

Stanley Prune

GREEN GAGE

The Famous Dessert Plum

554. A favorite from coast to coast — the famous dessert Plum with the sweet-tart flavor. Large, greenish-yellow fruits are produced abundantly. Flesh is fine-grained, firm and juicy; tops in quality. Good for canning and preserves. Ripens early September. Trees are vigorous and thrifty. Self-pollenizing.

NOVELTY FRUIT

Dwarf Wonder Lemon

DWARF WONDER LEMON

2872. Sometimes offered as Ponderosa Lemon. The most unusual plant ever offered for indoor culture. During the blooming season, several times a year, the plants are covered with fragrant, waxy-white flowers; large lemons of excellent quality follow. 2½ in. Pot Plants, \$1.25 each; 2 for \$2.40, ppd. 4 in. Select Pot Plants, \$2.95 each; 2 for \$5.45, ppd.

DWARF ORANGE

2874. Colorful, evergreen plant; easily grown in a sunny window or outdoors in summer. Bears loads of miniature oranges which are well colored up by late October and remain in good condition nearly all winter. Makes a compact, bushy plant with fragrant blossoms and lush foliage. 2½ in. Pot Plants, \$1.25 each; 2 for \$2.40, ppd. 4 in. Select Pot Plants, \$2.95 each; 2 for \$5.45, ppd.

PERSIMMONS

736. (Tane-Nashi) The Oriental Persimmon is an easy-to-grow, highly productive, young-bearing tree. Not only does it provide an abundance of delicious fruit but it is a beautiful ornamental as well. The golden-orange fruits are sweet as honey with a rich, spicy flavor and are highly prized for making delectable preserves and jelly. Ripen about in August. The tree is hardy and adaptable to a variety of soils. Culture is the same as for other fruit trees. Can be planted anywhere in the garden — you'll enjoy its fruit, shade and beauty! 2-3 ft., field-grown plants, \$2.25 each; 2 for \$4.25; 4 for \$7.95, postpaid.

Everbearing DWARF FIGS

640. Sure you can grow them! Have delicious sweet, juicy Figs from your own garden. Plants bear first year they are set out. For sections north of Philadelphia, we recommend growing them indoors in tubs. 2-3 ft. trees, \$1.50 each; 2 for \$2.85; 4 for \$5.45.

Adams Elderberry

ADAMS ELDERBERRY

734. A greatly improved variety of Elderberry, producing larger berries and fruit clusters. The purplish-black berries are one of the richest sources of Vitamin C. They make a superior jam and are also widely used for pie and wine making. The plant is ornamental and makes a nice addition to the shrub border, can also be planted in groups or single specimens. Hardy and rapid growing; about 6 to 10 feet at maturity. Heavy, 3 yr., 18-24 in. plants, \$1.25 ea.; 2 for \$2.35; 4 for \$4.35, postpaid.

HOME ORCHARD SPRAY

116. Multi-purpose spray for control of insects and diseases on fruits and berries. Contains Captan, Malathion and Methoxychlor. Complete directions on each package for spraying Cherries, Apples, Plums, Pears, Peaches, Grapes and Strawberries. 14 oz. Pkg. (12 gal.) \$1.79, ppd. 1 lb. 12 oz. Pkg. (24 gal.) \$2.98, ppd.

RA-PID-GRO

THE MIRACLE PLANT FOOD

Ra-pid-gro will work almost unbelievable miracles of promoting rapid and healthy growth on all types of plants. Use it on lawns, around shade trees, evergreens, shrubs, roses, perennials, vegetables and house plants. Many times plants which have been given up for dead will respond to applications of Ra-pid-gro.

Grow 'em Faster in JIFFY POTS

114. Start your bulbs, plants and flowers indoors in Jiffy pots and watch them grow faster and bigger! You'll be weeks ahead on spring gardening — plants will bloom earlier and longer! Jiffy Pots are made from sterile peat and balanced plant nutrients that develop roots so strong and healthy they actually grow right through Pot walls. When ready to transplant to the garden, PLANT POT AND ALL! Plants take root at once — no wilting or transplanting shock. Pots disintegrate in the earth, help condition soil and aerate roots. Hold soil on hard-to-plant slopes.

Interlaken

The Favorite Garden and Market GRAPES

INTERLAKEN SEEDLESS. 816. A new variety producing rich golden yellow fruit with medium-size berries that are very sweet. Flesh is meaty, solid and crisp. Can be eaten whole like California Grapes. Ripens a full month ahead of Concord. A strong growing variety, bears young, heavily and regularly. Deliciously flavored for home use and an excellent Grape for commercial planting.

	Each	2	5
Selected 2-yr. Vines.....	\$1.50	\$2.75	\$6.50

GOLDEN MUSCAT. 802. Wonderful new golden yellow Grape. Very large, compact clusters with large, juicy, sweet and tender berries. Has tangy Muscat-like flavor; desirable for fancy dessert. For home use and as a commercial Grape it cannot be beat. Vine is vigorous and very productive.

	Each	2	5	10
Selected 2-yr. Vines.....	\$.90	\$1.70	\$3.95	\$7.25

SENECA. 804. The new skinless Grape. Large, compact bunches with golden yellow, oval shaped berries. Texture firm and the skin can be eaten. Flavor is honey-sweet and aromatic. Ripens early. Hardy and vigorous; grows anywhere. Keeps well on vine or in storage until late fall.

	Each	2	5	10
Selected 2-yr. Vines.....	\$.90	\$1.70	\$3.95	\$7.25

JUMBO. 814. A new and completely different variety. We believe Jumbo to be the largest grape grown — the individual fruits often maturing to the size of a plum. The color is a rich amber-red when ripe and the flavor extra-special. Makes one of the tastiest, sparkling-red jellies we have ever seen. The bunches are compact and very full, weighing one to two pounds. Vines are hardy; easy to grow.

	Each	2	5	10
Selected 2-yr. Vines.....	\$1.25	\$2.20	\$4.50	\$8.50

SENECA Bargain No. 813X

4 GRAPES, one each of the varieties listed above.
A \$4.55 value for **\$3.79** only **ppd.**

CONCORD. 806. The leading big-crop, dark blue Grape. Flesh is juicy, sweet and tender, excellent flavor. Vine is a strong grower, very healthy, hardy and productive. Grapes keep a long time on vine and after harvesting. Fine for shipping, for cannery and winery trade. Excellent flavor. Usually bears second year. Ripens in October.

FREDONIA. 808. Very dependable blue-black Grape. Earliest to ripen. Vines are very disease resistant, vigorous and productive. Produces clusters of large size, cylindrical and very compact; berries are large, round and hang well to the bunch. Deliciously flavored whether eaten fresh or made into jelly or wine.

NIAGARA. 810. One of the most widely planted and best known white Grapes. Vine ranks with Concord in vigor and productiveness. Large, perfectly formed bunches of berries. Beautiful amber-green-white color. Rich aroma makes it a good seller. Tangy, muscat-like flavor. Excellent for all purposes.

CATAWBA. 812. Best of the red varieties. Fruit extra large; bunches compact and of good size. The only red Grape that has proved itself over the years to be the best for commercial planting and home garden.

Concord

Emlong's **RED** Raspberries

New SEPTEMBER — Two Crops in One Year

714. A superior new variety that bears a full crop of berries in June and another large crop in September. Berries are large, bright red, uniform in shape and of excellent quality. Keep well on the bush and after picking. Fruits ripen several days before earliest spring bearing varieties. Fall crop matures 2 to 4 weeks ahead of other fall varieties — thus avoiding failure due to early fall freezes. Plants are hardy, vigorous growing and increase rapidly.

New DURHAM — Large, Everbearing

711. Large, plump, juicy berries, free from seediness and full of delicious flavor, are borne until frost. The non-crumbling, red berries ripen down the cane so the foliage protects the late fruit. Plants are hardy, vigorous growing and increase rapidly. The full-flavored berries are delicious to eat fresh, canned or frozen. Its large size, firm berries also make this an excellent shipping variety.

INDIAN SUMMER — Everbearing

718. A tremendous sensation because of its giant size, delicious taste and appealing glossy red beauty. And, sensational also because it starts to bear early in the season and produces two big crops every year. Unusual thimble-shaped berries of appetizing red color, borne in large loose clusters. Every berry matures to full size. Berries are full flavored, sweet and very delicious. Ripens first crop in June; bears another in the fall. Ideal for quick-freezing and many culinary uses. Plants hardy and vigorous.

WILLAMETTE — Heavy Producer

716. One of the largest Red Raspberries grown! This splendid new variety is an Oregon origination. An exceptionally heavy producer. Berries are very large, conical in shape; very firm, dark red, medium acid. Fruit ripens midseason. Excellent variety for freezing, canning, table use and eating fresh. Its large size and firmness also makes this an excellent variety for shipping. Willamette is very vigorous and productive and has proven entirely hardy. Yields a good crop year after year.

NECTARINES

642. A delicious fruit, favored for eating fresh and canning. Resembles a Peach in shape and has the smooth skin of a Plum. It is also known as the "Fuzzless Peach". The fruit is large, red and very juicy with a flavor that is distinctive and extra good; freestone. Ripens with Elberta Peach. Can be grown wherever Peaches are grown; culture is the same. Plant two or more trees for proper pollenization. This luscious fruit should be in every home garden. A good money-maker for orchardists, too.

The New RED RHUBARBS

VALENTINE. 858. Deep bright red in color. Texture smooth and tender. Has a rich flavor with a slightly tart aftertaste. The Valentine is an introduction of the Ontario Horticultural Experiment Station and has taken the lead among the red Rhubarbs. Combining very high quality and richness of flavor, vigor and growth, the Valentine will soon be the standard by which all other Rhubarbs are measured. The beautiful red color is clear through; stalks are tender and very sweet. Retains its bright color in cooking. Very delicious for pies and sauce. Plant Valentine this spring and enjoy its fruit for years to come. \$1.00 each; 3 for \$2.85; 6 for \$4.95, Postpaid.

RUBY RED

856. Large, plump, red-in-the-center stalks of the sweetest Rhubarb that you ever tasted. Excellent for pies and sauce; stalks are tender and never stringy.

Early spring fruit, quickly forms a large-clump. Hardy and easy to grow anywhere. Three

mature plants will supply the average family for year-round use. 95c each; 3 for \$2.75; 6 for \$4.75, Ppd.

Double Red
Delicious

RED ROME BEAUTY. 320. An all-red strain of the old Rome Beauty. Highly prized for baking purposes. Trees are vigorous growing and yield heavy crops of large, evenly colored Apples that keep extremely well all winter.

RED DUCHESS. 328. Popular early fall Apple. One of the best for cooking; makes wonderful sauce and pies. Fruit is round, solid red in color; flesh is crisp, juicy and flavorful. The variety is very hardy.

PLANT EMLONG'S Superior Northern Grown APPLE TREES

DOUBLE RED DELICIOUS. 306. Truly King of winter eating Apples. Very fine, solid-red strain of Delicious. Ripens in October. Fruit is large, solid red without striping. Flesh is highly flavored, stays crisp and juicy long after picking. Excellent shipper and keeper. A big seller from coast to coast. Should be in every commercial planting and home orchard because of its outstanding qualities.

RED JONATHAN. 314. The favorite large, red Jonathan so popular with commercial growers. Superior keeping quality makes it highly profitable for market. Flesh is tender, juicy and delicious; excellent for all purposes. Ripens in fall; keeps all winter. Trees bear young; very productive; long-lived; thrive almost anywhere.

YELLOW DELICIOUS. 308. Queen of the late fall eating Apples. Similar in shape and size to Red Delicious, but color is golden yellow. Flesh is firm, crisp and juicy and deliciously flavorful. The big, richly fragrant, golden fruits are considered the finest of yellow Apples. Keep exceptionally well all winter without becoming mealy. Bears young and abundantly.

TURLEY WINESAP. 322. The best keeper of the solid all-red winter Apples. Fruit is large, uniform and firm; excellent flavor, crisp and juicy. A perfect all-around Apple. Trees are thrifty, hardy, and produce big crops.

RED MCINTOSH. 316. Emlong's large fruiting strain of McIntosh is a winner for flavor and quality. Bright red fruits of good size with white flesh. A fine juicy and highly aromatic Apple. Heavy bearing, ripening in fall.

YELLOW TRANSPARENT. 324. (Lodi Improved Strain.) Always produces a big crop of tasty Apples for pies and cooking during summer. Hardy no matter how cold your winters. Thrives in all soils and **bears quickly**. A perfect pollinizer.

Outstanding PEAR TREES

BARTLETT. 452. The leading commercial Pear. Fruit is large, waxy yellow with red blush. Flesh is white, juicy; fine texture, superb flavor. Favored for fresh desserts, canning and summer storage. A proven money-maker for commercial growers and one of the most popular for home gardens. Plant Emlong's PRIDE-O-MICH strain to ensure big crops of choice fruit.

SECKEL. 460. Often called the "Sugar Pear" because of its sweet, delicious flavor. Fruit is small but of highest quality and is favored for preserves and pickling. Ripens in late summer. Skin is very firm, yellowish-brown with red cheek; flesh white and juicy. Trees are young-bearing, hardy and blight-resistant.

BOSC. 454. There is no better flavored Pear than the long-necked Bosc, which is sold on the fancy fruit market at a handsome profit. Flesh is very firm, white and sweet, with delicious flavor and rich aroma. Ripens late September. Excellent shipper and keeper. Fruits are beautiful golden-russet color; always in demand for high-priced gift packaging.

CLAPP'S FAVORITE. 458. Large, uniform fruit with beautiful green skin, deeply blushed carmine-red. Flesh is crisp, white, juicy. Ripens August and September. An excellent all-purpose variety. Sweet flavor. Ships and keeps well. Succeeds in all sections. Hardy and a thrifty grower. Bears heavy crops year after year.

DWARF 5-IN-1 APPLE

5 Choice Varieties on One DWARF Tree

611. We are pleased to offer this newest development in Dwarf Fruit trees — the 5-in-1 Dwarf Apple. These trees are grown in the nursery on special root stock, which assures you of getting a true Dwarf that will bear five distinct varieties of Apples on one tree.

Pick Apples from Midsummer 'til Late Fall

These are hardy, vigorous, young-bearing trees; often start to bear the second year after planting. Just one tree in the corner of your yard will provide a bountiful supply of Apples, ripening from midsummer until late fall. The fruit is of the same high quality and large size as that produced on standard size trees. Our trees are budded to the following varieties: **Red McIntosh, Yellow Delicious, Double Red Delicious, Yellow Transparent, Red Rome.** Order early.

\$2.98
each

A Shake of the Wrist for Area Coverage
or
Pump It, for Direct, Spot Application

Holds up to 1 pound

128. Imported, novel FLIP-OR-PUMP Insect Duster. Weighs only 7 ounces. Easy to use. Just fill with your favorite insect dust (holds up to one full pound). A mere flip of the wrist dispenses a cloud of fine dust on lawn, roses or other plants. For direct, spot application just pump it as with conventional pump-type duster. Either way is a simple, effortless way to dust your garden for effective control of insects and diseases. **\$2.98 each, net, no discount.**

Emlong's **Complete Apple Orchard**

6-in-1 APPLE TREE

Fruit from Early Summer to Winter

610. Ideal space savers! These 6-in-1 standard Apple trees are budded to produce six different varieties of Apples on one tree. They are six of the best and most popular varieties, and will give you a supply of apples for every purpose, from early summer into winter:

Yellow Transparent, summer.

Red Delicious, late fall.

Red Rome Beauty, winter.

Yellow Delicious, early fall.

Red Jonathan, for the holidays.

Turley Winesap, winter.

Ideal for those who want a variety of Apples but have limited space. Our trees are hardy, vigorous growers; will thrive in any well-drained soil. Require minimum care. Make fine additions to lawn or garden.

"SUMMER LONG" EVERBEARING PEACH

Fresh Peaches July to September

646. Yes, its true! With this Peach tree in your garden, you can enjoy luscious, tree-ripened fruit for two months instead of only a week or two. Summer Long Peaches begin to ripen in July and continue through late September. And what Peaches! Large, golden yellow-fleshed, juicy, sweet and delicious. None are wasted — you pick them as they ripen, to eat fresh, for shortcake, canning, to freeze, for preserves, and jams.

The trees are very hardy and vigorous; require only the same care as other varieties. Self-pollenizing. Make beautiful ornaments with lovely fragrant blossoms and colorful fruits. Will live for years, providing you with a decorative shade tree for the yard, plus a bountiful supply of fine Peaches.

	Each	2	4
4-5 ft. trees.....	\$2.95	\$5.75	\$11.00

MICHIGAN'S FAMOUS

"HAVEN"

PEACH VARIETIES

SUN HAVEN – Best Early Peach

527. Matures 10 days earlier than Red Haven, 40 days before Elberta. Fruits are large, round, uniform in shape. Color is bright red with enough golden yellow ground color for attractive contrast. Flesh is clear yellow, firm, fine-textured and resistant to browning; delicious flavor. Freestone when fully ripe. Good keeping quality. Developed to meet growers' need for a superior, extra-early Peach.

RICH HAVEN – Ripens Midseason

523. Attractive large, round fruits. Color is golden yellow with bright red blush. Ripens 15 days before Elberta. One of the best for commercial canning. Flesh is clear yellow with moderate amount of red near pit; resistant to browning. Entirely freestone. Excellent flavor. Excellent shipping and handling ability. Rich Haven is a big money-maker for commercial growers; ideal for home gardeners, too.

RED HAVEN – Extra Early

520. A flaming scarlet Peach that ripens extra early and is very hardy. Originating in Michigan, Red Haven will be colored up with gorgeous all-over red color and ready to pick and ship while the fruit is still firm and easy to handle. Wonderful dessert Peach and good for freezing. Ripens 30 days before Elberta. Trees bear young and heavily. Self-pollenizing. Very hardy. Excellent shipping and market variety.

HALE HAVEN – Fine Shipper

514. Large, beautifully colored, yellow-fleshed Peach. Has delicious sweet flavor. Ripens about 15 days ahead of Elberta. Perfect freestone. Keeps exceptionally well even when shipped long distances. One of the finest canning peaches grown. Trees are very hardy, heavy bearers; succeed in all sections.

1 Sun Haven	5 Trees, 4-5 ft., 6.95
1 Hale Haven	5 Trees, 3-4 ft., 5.95
1 Red Haven	
1 Fair Haven	No Discount

FAIR HAVEN – Honey Sweet

508. This outstanding variety is a cross of J. H. Hale by South Haven — combines the best qualities of both parents. Fruit is medium large, bright golden yellow with red cheek. Ripens August 10th to 20th. Trees are extremely hardy and heavy bearers. Always bear full crops even under adverse weather conditions.

REDSKIN – New Red Color

522. A recent introduction that is hardy, productive, large, beautiful and delicious. A cross of J. H. Hale by Elberta. Ripens with Elberta. Beautiful red color. Flesh is yellow, firm, with aromatic, sweet flavor. Freestone. Rates high for canning. Trees are extremely hardy; bear young and heavily.

J. H. HALE – The Extra Large Peach

516. Fruit is extremely large and well colored; golden yellow with red blush; nearly fuzzless. So attractive it always sells at top prices. Flesh is bright yellow, fine-textured and delicious. Semi-fertile; plant a good pollinizer every third row.

ELBERTA – Great Commercial Peach

506. Universally known as the outstanding money-maker wherever Peaches are grown. Oval shape with deep golden skin blushed carmine-red. Flesh is golden, fine-grained, firm. Unquestionably the leading Peach for home and commercial growers. Freestone; self-pollenizing.

O'BOY – Huge, Delicious

518. The largest, most richly flavored, beautifully round, uniform Peach ever grown. Skin is glowing orange blushed carmine-red. Flesh is golden yellow, sweet. Ripens with Elberta. Freestone. Excellent canner and shipper. Semi-fertile; plant a pollinizer every third row. Propagation rights reserved.)

North Star Cherries

Dwarf Fruit Trees

NORTH STAR Dwarf CHERRY

632. A superior new Dwarf Cherry, originated by U. of Minn. Extremely hardy; will succeed farther north than any other Cherry of equal size and quality. Trees grow only 5 to 7 feet tall, making them easy to maintain — easy to pick the fruit. Bear enormous crops of large, mahogany-red cherries. Fruit ripens early.

Excellent for pies and sauce. Has small pit; tender skin; flesh juicy and meaty. Ideal for backyard planting as well as orchards. Trees are self-fertile; highly productive and dependable. Young-bearing; usually second year after planting. Very ornamental from blossom stage through fruiting period and fall foliage.

	Each	2	4
3-4 ft. Trees.....	\$2.95	\$5.50	\$10.50

DWARF PLUMS

Small Ornamental Trees
Bear Bushels of Delicious Plums

We are pleased to offer two new varieties of Dwarf Plum which we believe are worthy of a trial this spring. The trees are ideal for home gardens and orchards. Need little space; seldom grow more than 5 to 7 feet tall, but bear as heavily as larger trees. Make fine ornamental specimens for lawn or garden. Plant 2 or more trees for best results. We offer the following varieties:

Prices for Eureka & Stanley listed below:

2-3 ft. Trees.....	2.95	5.50	10.50

Eureka

DWARF EUREKA. 647. Starts to bear young, usually second or third year planted. Always a big crop of large, thin-skinned fruits; very juicy and delicious with a distinctive flavor. Trees are very hardy, trouble-free and long-lived. Will grow well in almost any location; suitable for city and suburban gardens. Enjoy Eureka Plums picked from your own beautiful trees; they are superb eaten fresh and for juice, sauce, canning and preserves.

DWARF STANLEY. 645. Sweetest of all Plums or Prunes. Most popular variety for drying. Has beautiful dark blue skin with heavy bloom. Golden flesh is fine-grained, juicy and flavorful; requires little sugar for canning. Freestone. Ripens midseason. Trees are healthy and vigorous. Grow well anywhere, bear early, produce annual crops of large size fruit that you can pick standing on the ground. Space 6-8 feet apart. Plant 2 trees for best results.

a \$7.85 Value, for only

Dwarf NECTARINES

648. We are pleased to offer this new introduction. These dwarf trees grow about half the size of regular Nectarine trees. Can be spaced about 8 feet apart. Ideal for small orchards and those with limited garden space. They bear fruit of same large size as standard trees and can be grown wherever Peach trees are grown; culture is the same.

This delicious fruit should be included in every orchard planting and home garden. It has the smooth skin of the Plum and the luscious, fine-grained, yellow flesh of the Peach — the flavor is distinctive and extra good. Fruits ripen about the same time as Elberta Peach. Plant 2 or more for best results.

2-3 ft. Trees.....	2.65	4.95	9.25

OKA Dwarf CHERRY

628. Larger than Cherries, fruit is dark purplish-red all the way through and very delicious. This hardy, Hybrid Cherry Plum bears a full crop even in the coldest climates where Cherries do not thrive. Very hardy, early bearing and of prolific Dwarf habit. The trees are shapely with good foliage, flowers and fruit; beautiful and productive, to plant in garden or border, preferably near Plum trees. Fruit ripens in late July or early August. Delicious to eat fresh, and for jam and jellies. Plant 2 or more for best results.

	Each	2	4

2-3 ft. Trees.....	1.95	3.75	6.95

(54)

SAPA Dwarf PLUM

626. Tree is of rapid, dwarf growth habit. Often starts to bear the year after planting. Bears enormous crops even in the coldest climates. Fruit is red-fleshed; medium sized; deliciously sweet and juicy. Small freestone. Excellent for canning and luscious pies. The trees make lovely specimens for the lawn and are well suited to planting in shrub border, along property lines and orchards. Beautiful in spring with shimmering white blossoms, and again when laden with colorful fruits. Grow well in all sections, require little care. For best results, we recommend planting 2 or more trees. Order early.

FULL SIZE FRUIT
IN YOUR OWN YARD

DWARF APPLE TREES

These dwarf apple trees are in great demand by the grower with limited space. They grow about 8 to 12 feet tall at maturity and do not spread more than 10 to 12 feet. Although dwarf in size, they bear the same size fruit as standard trees. Often start bearing the second year after planting. The delicious, large fruit is produced in abundance and is easily picked.

Dwarf Apple Trees are very ornamental and will make a fine addition to your landscape. Plant several trees of different ripening dates to give you a succession of apples all season. Plant with bud union 2-3 inches above ground. Order early.

Varieties available:

Solid RED DELICIOUS. 614. King of winter apples.
Bright RED JONATHAN. 616. Best all-purpose apple.

RED MCINTOSH. 620. The best red fall apple.
YELLOW DELICIOUS. 618. Finest yellow fall apple.

DWARF PEAR TREES

These trees bear full-sized, delicious fruit, the same as standard Pear trees. Often start to bear the first year after planting. Always produce a full crop of large sized fruit. Ideal for the home garden and growers with limited space. The trees are very ornamental in spring with their abundance of creamy white, fragrant blossoms. Can be planted anywhere about the home grounds. Add beauty and value to your property.

Plant as close as 5 feet apart. These sturdy dwarfs seldom grow more than 6 to 10 feet tall and are loaded to the ground with fruit. Easy to pick — throw away your ladders, stand on the ground and pick bushels of Pears. Our trees are hardy, thrifty, heavy bearers — sure to satisfy!

Varieties available:

BARTLETT. 604. The favorite summer Pear.
CLAPP'S FAVORITE. 606. Large, pale yellow with red blush. Ripens early summer.
DUCHESS. 608. Giant size. Tender, Juicy. Ripens early fall.

DWARF PEACH TREES

We are now able to offer Dwarf Peach Trees producing full size delicious Peaches, often larger than those produced on full size trees. These trees are grown on special root stock with an ultimate height of 6 feet. The fruit can be picked from the ground — no ladders needed. The tree is easy to care for, requires little space and will bear fruit for many years.

Even though you have only limited space in your yard, you can now enjoy luscious, vitamin-rich, fresh peaches picked from your own trees. And they make a beautiful addition to any yard — from spring blossoming stage through summer and fall as the colorful fruits ripen.

Varieties available:

SUN HAVEN. 622. Best of the early Peaches.
RED HAVEN. 625. Gorgeous all-over red color.
FAIRHAVEN. 621. Honey sweet, delicious flavor.

FLOWERING DOGWOOD

A Vision of Loveliness in All Seasons

New "CHEROKEE CHIEF"

▲ Sensational Red Flowering Dogwood!

1265. Outstanding for its beauty and earliness of bloom. Lovely rose-red blossoms cover the tree in early spring, followed by attractive dark green foliage which changes to gorgeous shades of red in the fall. Bears clusters of bright red fruit in September and October. This variety makes a beautiful lawn specimen, and is equally effective in border planting. A combination of red with white flowering makes a lovely grouping. Grows 8 to 10 feet tall.
